CLUB BOOK OF THE MONTH!

Issue 27 Volume 6

This has been a good month. A week in the South of France living it up in fine style started with getting absolutely hammered with a load of blokes on a Microsoft conference in Cannes (cheers for the expense account champers Mr Gates!). You can't say fairer than that – unless the next night you're in a bar in St Tropez blasting the vino with some half-Greek, half-Turkish 'fixer' ("I can get you anything and I mean anything... but some things I can't get.") and a rent boy called Phillipo who just wouldn't get the message that my bread is not buttered on the bottom, but at least he bought a round. But the best thing of all was that I stayed at the same hotel as that 'Nicole' bird out of the Renault *Clio* ads. She was there making a new advert but no-one in France knows who she is because she's not on telly over there. Of course I tried to offer her some more up-market exposure in Club but my French isn't what it was at school (and I got a U in my O-level even then!) so she didn't understand a bloody word I said. Having said that, I was rather drunk on Pastis at the time, so it probably wasn't her anyway. Right, I'm off to hang out on the Paul Raymond stand at Erotica now. Hope to see you there. – **The Ed** ♣

TO THE EDITOR

LEZ LOVER

I've been into porn since I was at school and, even then, what I wanted was to see gorgeous lezzies. Good looking girls on their own are just the icing on the cake. So, about six months ago, I decided to buy a copy of Club International – and... BINGO! In addition to the thrill of reading Sandy's Fantasies for the first time, I was over the moon when I realised that it was a regular feature.

It's the best magazine I've ever read! Loads of luscious girls enjoying lesbian sex – no gimmicks, just an obvious enjoyment of what they're doing, actual physical contact and brilliant photography. In girl-on-girl scenes in most other mags the girls look about as comfortable with each other as Gerry Adams and Ian Paisley.

I've got to say that Sandy is a revelation, the absolute queen of erotica, a gorgeous girl who looks like she's totally into it and always gives a fantastic performance. She is a star and leads all the other Club girls, lesbian or solo. – *John, Brighton*

STICKY PROBLEM

I hope you noticed your increased sales of Vol 27 No 3. Personally, I've bought five copies and keep sticking the pages together while tossing off over the super sexy Emma. I can't stop thinking of having sex on the sofa with her. Let's see more of her luscious curves and beautifully trimmed fanny in a full photo set. – *Dave, Derby*

MUSKY RUSSKI

Just thought that I would let you know how much I appreciate the pictures of Elaine – The Russian Bare – in Club Vol 27 No 4. What a beauty – what a body – WHAT A GIRL! That shot of her in the doggy position was certainly uplifting!

If the shots of her in Vol 26 No 3 were as good, then it is no wonder that it was your best seller. Is there any chance of getting a copy of that issue, or of any of your other publications that she has featured in? If she has moved on to "skin flicks" do you know the names of her films and how I could get copies? I'd love to see her in action – even if it wasn't with me! – *Peter, Warwick*

LETTER OF THE MONTH

FACIAL DEMAND

I've been a reader for years, but I have to say that your present crop of girls are the best ever.

I hope you don't mind mixing a little praise with a small worry. I don't know about other readers, but I want to see a girl's face in every shot. April (Vol 27 No 4) has certainly got a beautiful pussy and bumhole, but I still think it is sexier to see the wanton look on a model's face when she lets us see her cunt in all its naked glory.

The set of Alanis got it right for me. Lots of teasing before she proudly spreads her lovely legs to show us her fanny. Thank God she still wants cock – she can have mine any day! Any chance of her getting it on with Sandy? If not then more solo Alanis please. – *G.P., London* ♣

A WORLD OF SUPERB BIRDS TO LOOK OUT FOR IN '98

PIN-UPS

Super charged, state of the art motorbikes are pretty impressive. But all that technology is easily eclipsed by stunning birds, and the calibre on display here is more breathtaking than a Norton classic.

Charlie O'Neil (below and right), **Michelle Clack** (insert, right) and **Mignonne** (top) may make the bikes look better in the eyes of certain enthusiasts, but we prefer the "specialist areas" displayed by these excellent examples of the female form.

As you can see, Charlie O'Neil's curvaceous body dominates the Yamahas and she looks extremely comfortable in the riding position, which, we think, might be a bit of a hint at her hidden talents.

Riding a Honda, Michelle demonstrates all the statistics required of a Greek goddess; lithe movements, delicious tits, beautifully curved arse and, er, black strap-sandles.

Adding a welcome injection of continental spice is Mignonne, on the Italian Bimota, a sturdy bike that accommodates that divine body perfectly, allowing the French beauty to demonstrate her perch potential.

More bikes and birds, o birdbikes, please, we' desperate! ♣

HOUSE RULES

My name is Chris and I'm a 20-year-old advertising student, based at Southampton. Although most of my student life is spent getting pissed and shagging birds, I want to tell you about an extra-special shag I recently had.

I live in a student house with two other lads and three birds, who, I might add, are very good looking. We'd managed to keep our hands off the girls and vice versa, as we thought it might spoil the atmosphere in the house. Up until last week, that is.

I was just about to get in the bath when I noticed the latest copy of Club lying by the tub. I decided to have a quick look through it and before long I had a raging stiffy. There was only one thing I could do to get rid of it. As I pulled myself off, I could feel the pre-come dribbling down my shaft and it wasn't long before I was furiously wanking.

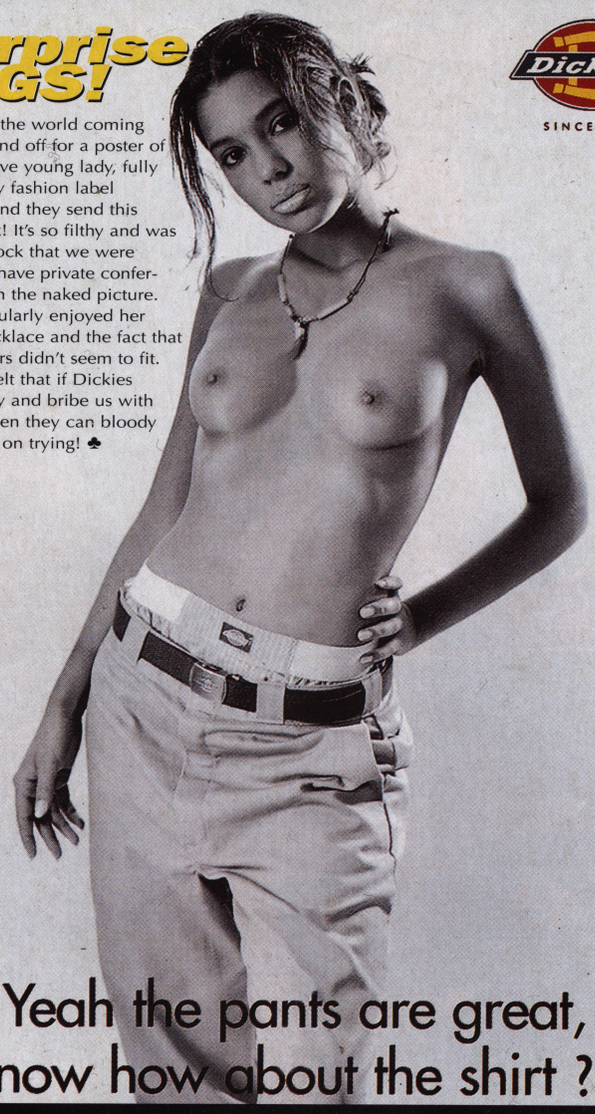

As I looked up to turn the page, I couldn't believe my eyes when I saw Caz, one of my housemates, standing in the bathroom, naked, watching me wank. "I thought I recognised the moaning," she said as she strutted towards me.

Before I knew what was going on, Caz was resting on her knees and aiming her mouth towards my rock-hard cock. She started off by licking my tight balls and then worked all the way up to the tip, eventually wrapping her big lips around my 9-incher. It was the best blow job I've ever had!

Caz continued to suck my manhood and all I could do was push her mouth deeper onto my cock and I soon felt myself coming. She must have felt my balls tightening and my dick throbbing because she straddled me and plunged my prick deep into her sopping cunt. That

WHAT IS the world coming to? You send off for a poster of an attractive young lady, fully clothed by fashion label Dickies, and they send this smut back! It's so filthy and was such a shock that we were forced to have private conferences with the naked picture. We particularly enjoyed her lovely necklace and the fact that her trousers didn't seem to fit. We also felt that if Dickies want to try and bribe us with breasts, then they can bloody well keep on trying! ♣

arse AWARDS!

THIS YEAR'S 18 Awards were touted as some sort of kick in the nuts for censorship in this country. Now that is bollocks. Despite the presence of numerous Sport birds and genuine celebs like Ulrika and Paul Whitehouse, the award winners had obviously been decided the night before. The Prodigy won the music prize (surprises), the best film was Crash (idiots shagging car crashes) and James Whale received best broadcaster (what!!). Another "massive shock" was Diminutive Sullivan being awarded a "lifetime achievement" trophy. At least the bloke who wrote Sonja's Eurovision song contest entry (remember? Actually, don't bother) was there, lending the whole event a certain level of quality and credibility. Yeah, right! ♣

Twat and tits

was it – I couldn't hold on any longer and shot my load inside her.

I then sat up and pulled her towards me. Caressing her pert butt, I stuck my tongue right into her sacred hole. I wasn't about to stop there, and began teasing her clit with my fingers as I ran my tongue up to her tits. Her nipples were rock-hard and perfect for sucking.

I rolled them around in my mouth and moved my still-hard cock towards her neatly trimmed bush. I teased her with it, bringing it closer and closer to her pussy. After teasing her to the brink of insanity, I stuck my rigid staff up her pussy.

As I fed Caz my dick, each stroke told me she was about to orgasm, so, just at the right moment, I gave her everything I had. She arched her back and moaned with pleasure, shaking with the force of her climax.

After that little session house rules can fuck off! – *Chris, Southampton*

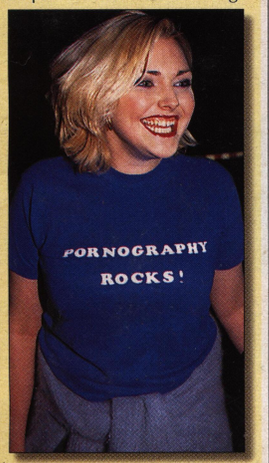

LADIES' THIRST

Kirsty Smith, 18, is going to be big. We don't mean she's going to have a tit job – God forbid! This girl's real and she's staying real for ever! What we mean is that judging by her outrageous popularity on the PRP stand at the recent Erotica exhibition in London, you're going to demand regular

viewings of Kirsty's superbly pert body and pretty face. Luckily Kirsty is keen for you to get as much of her as you can handle and superstardom for this sensational, smart Sheffield girl is surely just around the corner. Or over the next page, anyway!" ♣

piss, so they introduced her to me. After we'd met a few times, it became obvious that she fancied me.

I started masturbating about Donna – fantasising about seeing her massive tits uncovered and being able to suck on her pert nipples.

One weekend, Paul, Dave and the rest of the lads were all off for a stag weekend, so I invited Donna to stay over. When she arrived she began to be a lot more blatant about her feelings towards me and made them 100 per cent clear by putting her tongue down my throat! I immediately started feeling her tits and I couldn't believe how big they were.

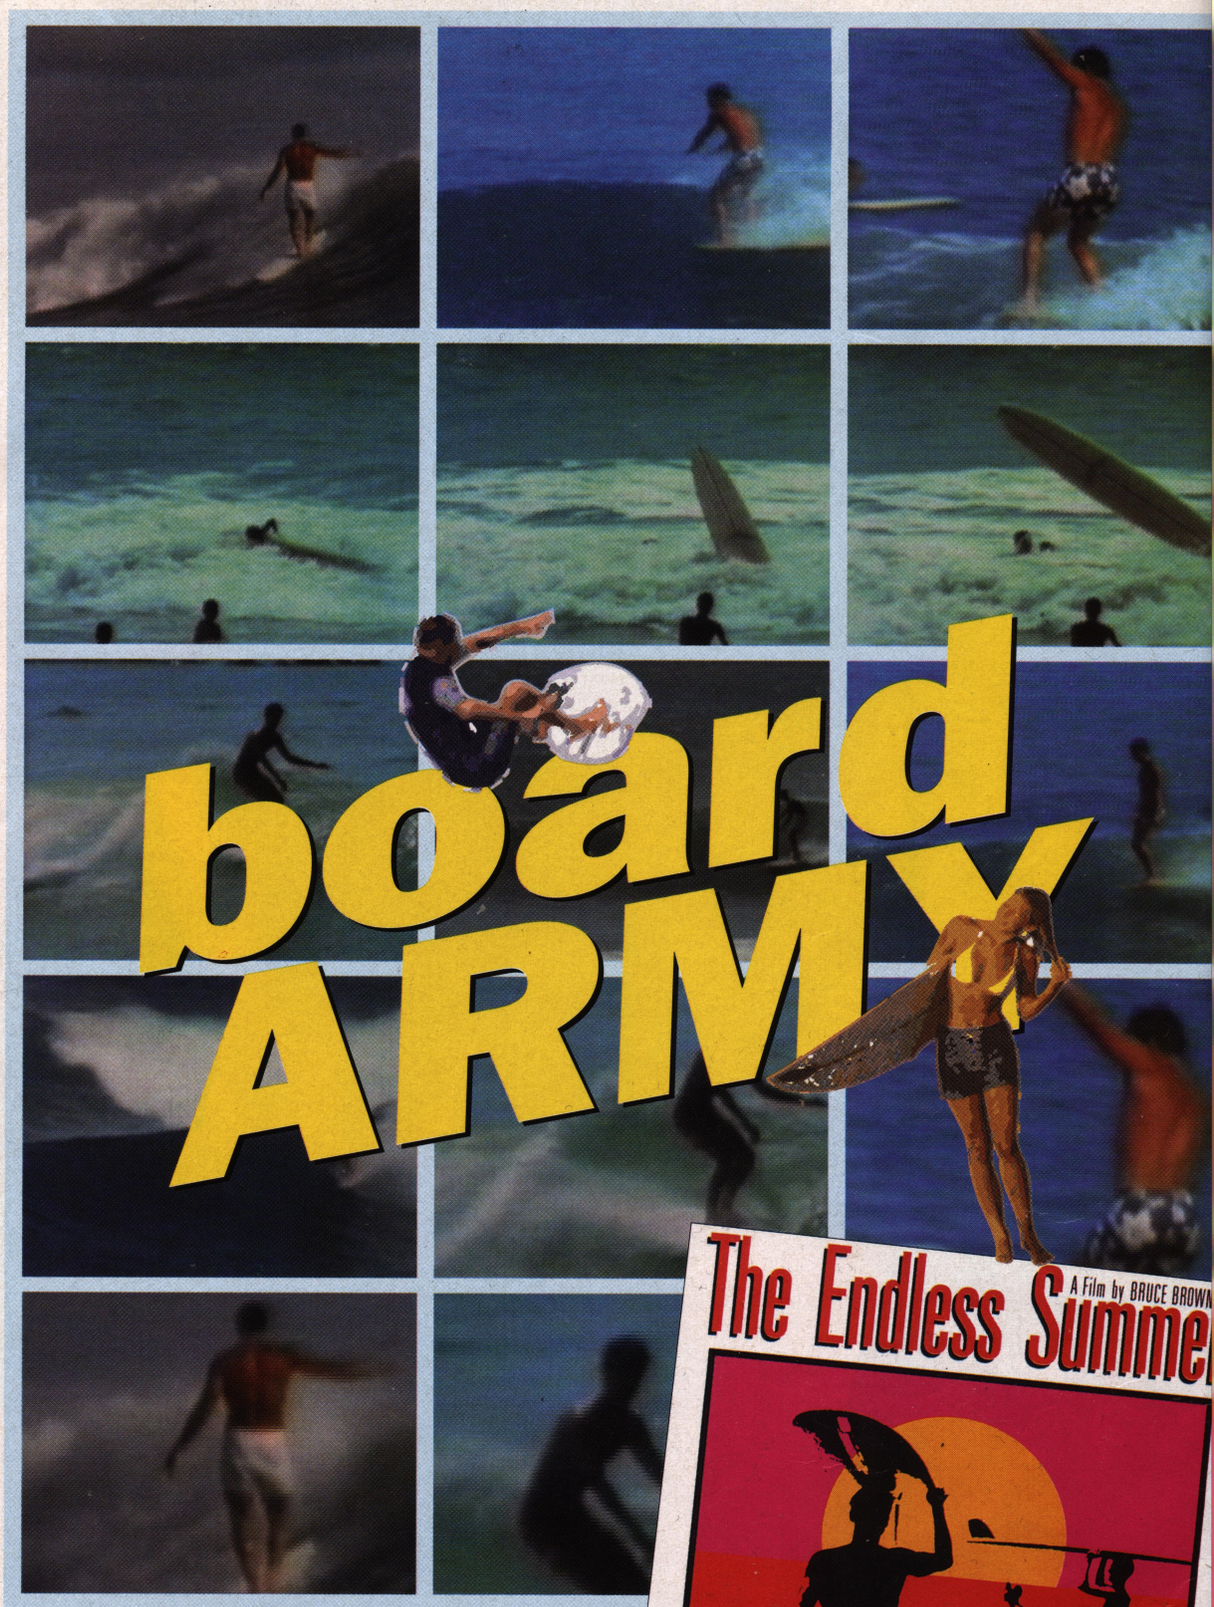

I pulled off my top and revealed my breasts in full. Donna smiled and did the same, but she didn't stop there, she bent over and stripped off the rest of her clothes. All this excitement was making me extremely wet and I was definitely ready to take things further.

Donna laid me down on the carpet and hitched up my skirt, exposing my naked cunt. She spread my legs wide apart and plunged her tongue into my fanny. My love juices had really begun to flow and my quim was saturated. She continued to service my pussy, constantly rubbing my clit. Before long I had an orgasm like I'd never had with Paul.

Now it was my turn on Donna. She sat on my face and I gave her a taste of her own medicine, slowly teasing her love bud with the tip of my finger, and then slowly easing the whole of my tongue deep into her cunt. She was soon screaming at the strength of her climax.

She was obviously gagging for more, so asked me to bend over and as I did I felt her fingers go up my cunt. I screamed and moaned as she plunged four fingers in and out of me. I could feel another orgasm building up. Donna gave me one more shove and it all came flooding out – my juices were everywhere! I'd been well and truly finger-fucked.

Donna and I continued to fuck like this all weekend and we now encourage the lads to get away as much as possible! – *Kate, Brighton*

THERAPY FOR THREE

Although I'm a regular reader, I've never actually written in to your magazine before. After what happened to me last week, I couldn't resist.

My missus and I have always had a good sex life, but when Emma's best friend Helen came round for a few drinks, it got even better.

Helen had just been dumped and Emma decided it would be nice if we could cheer her up. Neither Helen or I quite expected what was in store.

After a few bottles of wine, the conversation was becoming quite sleazy, enough to give me a huge hard-on. I think Emma must have noticed this because without any warning she asked Helen if she would like to see me naked. She said she would and before I knew

it she was knelt between my legs, licking the tip of my 8-inch cock!

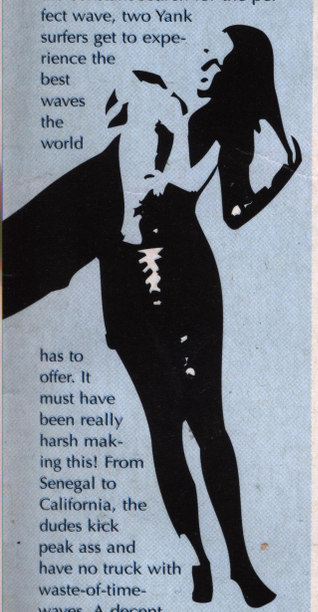

As Helen slurped on my cock, Emma began snogging me and, as we kissed, she got her best friend's head and yanked it up and down my dick faster and faster. I pulled Emma's top off and started to suck on her petite breasts – flicking her hard nipples with my tongue. I wasn't the only one getting excited by all this action, as I saw my bird frantically frig her clit – so I plunged two fingers up her as well!

Helen was still sucking my cock, bringing her mouth right to the bottom of my shaft. It wasn't long before I shot wads of jizz into her mouth. She then started on Emma, encouraging her to lick her out. As far as I knew, Emma had never done anything like this before, but she really got into licking Helen's clit and thrusting her tongue deep into her glistening fanny.

By now I was hard again, so I walked over to Helen and got on top of her. My dick slid easily into her wet hole. To begin with, I fucked her gently – savouring the feeling of her juicy cunt. Her big tits were swinging from side to side as she moaned with each stroke.

THE ENDLESS SUMMER is a classic sixties surf wipe-out. In the constant search for the perfect wave, two Yank surfers get to experience the best waves the world has to offer. It must have been really harsh making this! From Senegal to California, the dudes kick peak ass and have no truck with waste-of-time-waves. A decent soundtrack really gets over that surf vibe and you feel pretty envious of surfers in the sixties – all that dope, great weather, birds and beer to go with the frothy waves. Well, that's the image, but the fellas on this video are a bit clean-cut. Still, it's worth a view, even if your understanding of surfing only stretches to computers. ♣

Harriet The Horn-Merchant, 19, loves her holidays and doesn't feel right until she's covered in (sun) cream. "I live in Nottingham and although I love the place, I need to spend at least a month every year getting a tan and some really hot, passion-ate sex,

preferably on an island populated by well hung men. When I'm out at home I only ever shag a few guys a year because I'm really shy. But when I'm under the sun, I just can't stop!" So there are benefits to global warming after all. ♣

Emma was on the floor next to us, playing with her clit, staring at us. Then she got up and climbed onto Helen's face. At that point Helen let out a loud moan and screamed that she was going to come. I continued to fuck her as she twitched with pleasure. Emma grabbed my cock out of Helen's cunt and wanked me off. My balls were so full that I spurted all over her face.

STRANGER SEX

My boyfriend and I love your magazine, often cuddling up at night and wanking over the beautiful girls and stories, so I decided to share with you a sexy experience I recently had.

My name is Michelle and I've always fantasised about meeting a complete stranger and shagging him stupid. He wouldn't know my name and I wouldn't know his. A couple of weeks ago I finally got to practise what I had preached for so long.

I'd been out clubbing with a group of friends and we were waiting for a taxi home. When one finally arrived, we all piled in and I ended up in the front next to the driver. He was very hunky, wearing a white T-shirt and we exchanged a lingering look when I sat next to him.

We had lots of stops to make and I managed to engineer a route that would result in me being the last to get dropped off. Due to the amount of alcohol I'd consumed, I was beginning to get very turned-on by the idea, even before my mates had been dropped off.

When it was down to just me and him, my thoughts got a lot dirtier and I eased my fingers under my short skirt and into my dampening knickers. That familiar tingle had begun in my stomach, working its way to my pussy as I gently rubbed my erect clit.

I'd completely forgotten where I was and that I was sitting right next to the object of my desires. Then the taxi came to an abrupt halt and I snapped out of my sexy dreams. I realised just exactly what I'd been doing and that the taxi driver was staring wide-eyed at my knicker-covered hand.

Nothing was said, but I knew what thoughts were going through his mind. He suddenly leant over and kissed me, to which I hungrily responded.

We unclipped our seatbelts and I put my head down to his lap. I could see the bulge of his throbbing cock through his jeans, so I pulled them open and his stiff member sprang out, demanding my immediate attention.

I lowered my mouth over his cock and greedily sucked it. I could feel it swell even more in my mouth and his gentle groans were making me even hornier, not that I wasn't already!

I went down on his tool to the

be-KYLED!

DESPITE MORE image changes than David Bowie, there is something eternal about Kylie Minogue. That's it! It's those oh-so-apple-like knockers that find their way from the Ramsay Street orchard to the beaches of Oz with satisfying regularity, snapped here for excellent Down-Under mag, *People*. We half expect Helen Daniels to run on and "cover her up" (and then have a stroke, fnaar!). We sincerely hope that those lurid green bikini-kecks were worn "especially for us". But we can at least be grateful for Kylie's exquisite outback-buttocks, certainly worth a second chance (ooh! just like Jason/Scott). It is quite sad that once great performers are reduced to peddling their parts around beaches for the price of a Polaroid, but who are we to complain. As long as our "nectar" is aroused who cares? ♣

THE STREETFIGHTERS '98 event, at Sheffield Arena 18th-19th April, was a triumph in bringing together bird and machine – a throbbing union that demands loads of jokes about getting your leg over, etc, etc. We, however, being a bit classy, prefer to talk of the cunning stunts and the fantastic machinery on display. Actually, what a load of cack. It's obvious what will grab the attention out of a state-of-the-art motorbike and an example of top-of-the-range totty. base, taking the full length in my mouth and sucking it harder and faster. I carried on until he could take no more and let himself go. My mouth filled with his warm liquid and I let out a smooth moan of satisfaction. I pulled away, but he grabbed me and gave me a full kiss, tongueing my spunk-filled mouth.

I was hopelessly turned-on and, as luck would have it, his cock was rearing up as it got hard again. I pulled my knickers off and straddled his fat tool, rubbing the length against my aching and dripping cunt.

I gasped as his thick cock slid into my self-lubricated pussy. I writhed and bucked my hips as his pole pumped me.

nonce-SENSE

WE HERE at Club have been blighted by a recent outbreak of poof-books. For some reason, we keep being sent books about "mysterious village lads and their dark desires". Why

we would be interested in the unpleasant world of hairy arseholes, when we clearly feature the smooth and lush female versions, we have no idea. Ah yes, that's it, we are all repressed. I understand now. Just going to grow a moustache and buy some poppers and end up with an arse like a windsock then. ♣

He ripped open my shirt and kneaded and nibbled my hardened nipples.

Eventually, my climax approached, welling up like a rising tide of exotic fluid and a mind blowing orgasm ripped through my whole body.

I got off his shrinking knob and decide to call it a night, I was that knackered! I got out, kissed the driver one final time, and went indoors.

So, Mr taxi driver, if you happen to be reading this horny tale, thank you for fulfilling my fantasy and do you realise that I still owe you the £2.30 fare?! – *Michelle, Devon* ♣

sasha

Sasha, 18, from Kent: "I was more scared about taking my clothes off and opening my legs in front of Club readers than I was about doing my A levels! Obviously I've done naughty things in front of boys before but it's a bit different when you're touching your pussy and really getting into it with a million eyes on you... In fact it's much better!" ♣

gillian

Make no mistake, Gillian Durrant is one sexy girl. Not only did she volunteer to take all her clothes off for Club, she also wants to tell you about the time she lost her virginity – just two months ago! Take it away, Gill: "Well, I was 17 then but I'm 18 now. I just really wanted to do it before my birthday so I rang up a friend of mine, Paul, who I've known since school, and asked him if he wanted to go for a walk in the woods behind my house. It was funny because obviously he didn't suspect a thing. I often go out for walks with him to smoke a cigarette. Anyway, as Paul and I were going through the

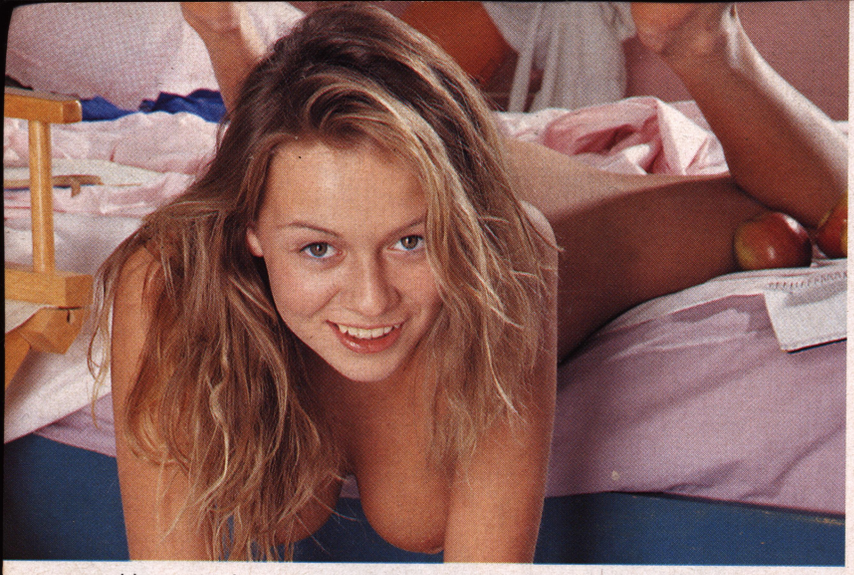

woods I held his hand and we chatted. I got the subject round to sex and asked him if he'd ever

done it with a girl. He said he had, though I'm not sure if that's actually true. I told him I was a virgin

and he was a bit surprised. We stopped for a rest on a bench and I asked him if he'd kiss me. He was a little taken aback but he didn't say no and we started snogging. He'd wanted to neck me for ages, I could tell. Then I got his hand and put it up my T-shirt and encouraged him to grope my boobs. I slid and asked him to put a finger inside me. I was so wet that it went in just nicely. I was pretty keen to

my hand onto his crotch and felt his hard-on. Then I thought I'd really go for it and got his cock out suck Paul's cock but he had other ideas and laid me down on the bench, pulled my knickers to one

side and went to shag me. But I said I that he'd better wear something 'cos I didn't want to get pregnant the first time I ever had a cock in me! So I gave him the Durex I'd tucked inside my sock and helped him put it on his dick. I wanked him for a little while and he put two fingers inside my hole. Then I said I was ready and I pulled him into my pussy. It didn't go in very far at first but as I relaxed and Paul got braver my pussy opened up and he slid right inside me. It was a wonderful feeling and not even slightly painful. I've been told by friends who've done it that it would hurt but I just thought it was lovely. I must admit it didn't go on for long because Paul came but I was just so happy that I'd lost my virginity at last that I didn't mind at all. I just couldn't wait to do it again!" ♣

MASSIVE ARE BACK!

Music man, **Seth**, twines on about the latest releases and goss, whilst battling with his addiction to carpet cleaner...

Pfft Pfft – mmm, this is good shit man, really mellows you out, you know? The commonly held belief is that the best thing about Massive Attack is listening to them when you're stoned. The reasons for this are obvious (Pfft...).*

For a band allegedly touted as a dance act, the boys from Bristol have spent a large part of their career producing, as the refrain goes, "dance music that you can't dance to". *Blue Lines*, their 1991 debut album, was an undoubted fucking corker... to lie back to and spark up (Pfft Pfft). The follow up, *Protection*, suggested that the band felt the same way – three years in the making, it was more of the same.

I had friends in Bristol over those years who didn't get off their sofas except to go to the petrol station for skins and chocolate. (Pfft... shit, run out. Whose turn is it to score?)

All this is why the latest offering from Massive, *Mezzanine*, is all the more remarkable. Seemingly ditching the "dance" label, they've returned with the darkest, downest slab of vinyl this side of Nick Cave's *Murder Ballads*.

Liz Fraser, ex-Cocteau Twin, takes over the vocals, alongside long-time reggae legend, Horace Andy, signposting the band's lurch towards indie-wit'-attitude. A change in direction that will leave all those bands who have been rehashing the Bristol sound well fucking flummoxed.

Massive Attack have produced an album of sheer class that purists will hate – which is good news for those with long lost friends in the West Country. (Pfft Pfft.)

★ With all the current buzz about Catatonia, it's all too easy to forget one of the first bands of the current raft of Valley-rockers, the Super Furry Animals. Named during one of those boozy, woozy nights that afflict the best of us, the four-piece started life as a dance outfit back in 1993. The cult Celts spent their first two years arsing about in the studio, putting together "12 hour techno jams" and occasionally playing at outdoor raves, before metamorphosing into something a fuck of a lot stranger...

Bowing down before the twin towers of psychedelic rock and the late, great, gloriously trouble-prone Cardiff City striker, Robin Friday (to whom they dedicated the single *The Man Don't Give a Fuck*), they came to prominence touring with fellow countrymen the Manic Streeet Preachers. Two albums followed; the debut, *Fuzzy Logic*, defied rational analysis, resulting in a wave of insanity passing over music critics the world over (nothing wrong there), while *Radiator* saw the band break through to the lofty heights of *The Chart Show*.

So why should you like them? Well, any band that no less a legend than Howard Marks describes as "like hearing all my favourite music I've ever liked in my life", is alright by us. As with Robin Friday, the band returned the adulation; the cover of *Fuzzy Logic* was a collage of pictures of the old dope smuggler.

"I had friends in Bristol who didn't get off their sofa for years..."

Attracting attention, in equal measures, for their armoured vehicle, their unique lo-fi sound and their Welsh lyrics, the band are onto their third studio album, which is due out in August and is as yet untitled.

They also have enough of a repertoire to release an album of rarities and obscurities, B-sides and generally fucked up stuff, which promises to be unlike the similar dross most bands release at this stage (a risky venture – I mean, who wants an album of fucking Sleeper B-sides, eh?) In the meantime, get the new EP *Ice Hockey Hair*, released on May 25, or the bunny gets it.

★ Depending on where you're coming from, Snug are either a bunch of over-educated middle class, art school tossers, or else they are the new Blur. Oh dear, it's not looking good is it?

Their single *Beatnik Girl*, musically an

enjoyably raucous yoof-punk thrashabout, is marred by constant references to such "hep cats" as dead junky lunatic William Burroughs or renowned painter of squiggles and squares, Kandinski. What these striplings seem incapable of grasping is that we like our punk-pop thick. Long-dead shout bands like Sultans of Ping F.C. and Neds Atomic Dustbin realised this – a beery chorus of three words or less, as perfectly embodied in *Where's Me Jumper?* and *Kill Your Television*, dumbass monstrous guitars and a total absence of intelligence. I mean, who can dance to some reedy twat of a singer reciting his final year dissertation on art?

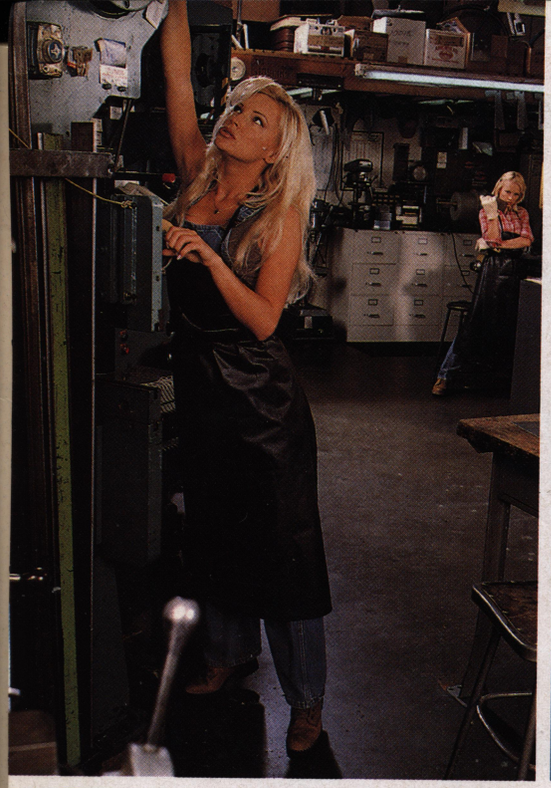

This will not do. Art? Arse! They can definitely do better – after all, they shed their aesthetic inhibitions the moment they got Melinda Messenger in the video of *Beatnik Girl*. ♣

Sharon likes to fuck girls and prides herself on her ability to charm their pants off and get her head between their legs. Sophie, on the other hand, likes to fuck girls with her fingers then maybe a strap-on up the cunt. You get the picture? They're girls who shag girls. They're girls who had their first fuck with each

Erotica-a

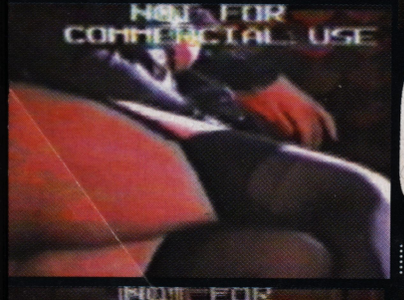

With a pair of worn satin knickers strapped to its face, the Erotic European film scene is alive, breathing heavily and available from all good video shops that don't have the sign "Private" above them.

The good thing about this type of certificated Erotica is that the directors are quite clearly trying to get off on their own films. One major concern can be the crappy dubbed dialogue, but then that's why fast-forward was invented.

Directors of the kinked calibre of Tinto Brass (who is credited with putting "two balls and a big cock" between the legs of Italian cinema) are always concerned with allowing the men and women who watch their films to get "involved" in as many scenes as possible. Not literally, as that would result in almost certain electric shocks. Consequently, there is rarely a scene in any of his films that doesn't contribute to the flowing of certain juices to the parts of the viewer.

There are certain things you can rely upon in a Tinto Brass Erotic flick. As an Italian he is constantly promoting the beauty of the women from his hot-blooded homeland. He also utilises another great Italian asset, quality lingerie and, above all, seamed silk stockings. In fact, a lot of Erotic films use classical lingerie, rather than modern lace and nylon alternatives. Even if the film was made last year, the underwear that the actresses sport is

ts and blokes with Kevin
nd Italian type with

-ca-ca

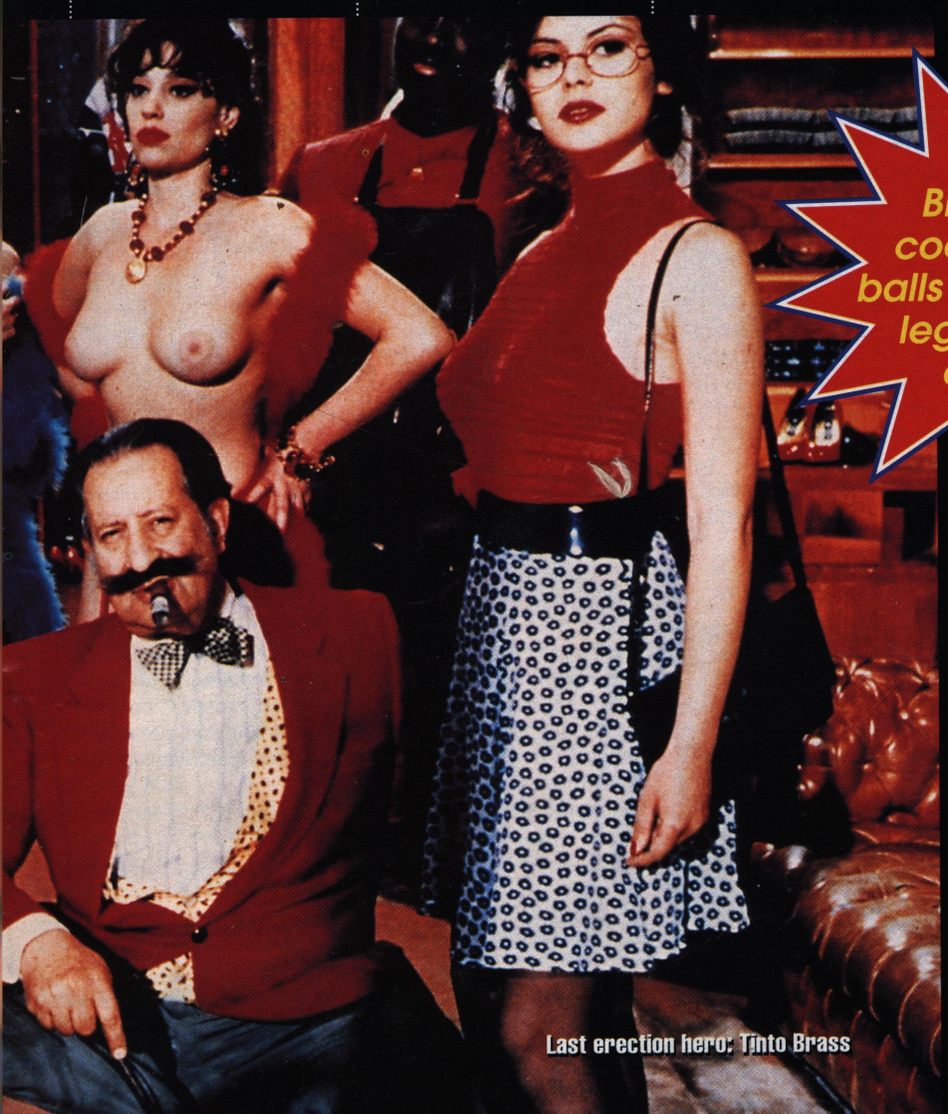

usually in the twenties or thirties style.

On release from Nouveaux and Angel Films, Brass's latest film, *PO Box Tinto Brass*, confirms his reputation as a first class voyeur with a camera and appetite to match. In this latest horn-de-force he recreates the genuine sexual fantasies and experiences that he has received from Italian women at his postal address. Tinto himself stars, opening the letters and looking up the skirt of his gorgeous secretary, who, naturally, wears stockings (again, classical style) and has a lovely pair of jugs (delicious style).

The scenarios that these women have either fantasised about or have been involved in are superbly varied. From the wife who works in a brothel and has her husband as a regular client, to the flasher who spreads her legs to reveal her fanny to a Japanese tourist, allowing him to take pictures of her.

The two video distribution labels, Nouveaux and Angel Films, both specialise in European Erotica, from the seventies to the present day. Their substantial catalogues include all of Tinto Brass's celluloid ejaculations and all the major players and auteurs, from Guy Casaril in France to Monika Treut in Germany.

All manner of fetishes are catered for in Erotic films, but, obviously, not in an explicit manner due to most censorship bodies throughout Europe being moralising fuckwits. But would it be better if actual penetration was filmed? Maybe the vast pool of beautiful women that Erotic film directors seem to be able to draw from, would dry up if simulating sex was replaced by actual fucking and sucking.

Last erection hero: Tinto Brass

"Tinto Brass put a cock and two balls between the legs of Italian cinema"

This type of film can be a great "companion" to a Hand Solo and it can also serve to set the mood for a night of shagging. There are particular advantages if your lady-friend is not keen on seeing Germanic slappers being fucked by Rudi Voeller/David Hasselhoff look-alikes, as is the case with your average European hardcore film. You never know, a bit of subtlety may bring out the sexual desires that your girl-friend/wife might find difficult to express!

If your appetite simply cannot be satisfied by non-penetrative Erotica, with more of an emphasis on production values, then we suggest you search out some of the good old fashioned, "any hole will do", hardcore, if you haven't found it your-selves already! ♣

Three to see!

* Emilienne: Directed by Guy Casaril, this French tale of lesbian seduction and a sexual triangle (or is it lust? Oh my God! It's just so tense!), revolves around the middle-aged Emilienne, who is a dirty looking, but amazingly sub-missive, blonde.
Best scenes to watch out for/fast forward to: Emilienne is seduced by her husband's young mistress and the eponymous heroine goes through a stage of lesbian awakening that culminates in a very bizzare scene in Brittany, involving a bunch of off-duty lesbian nuns!

* The Folies of Elodie: The main focus here is a pair of blue satin knickers, which invest the wearer with an insatiable sex-drive (almost sounds like Disney doesn't it?). Another French offering, with perhaps the highest porn-per-minute ratio out of all three.
Best scenes to watch out for/fast forward to: High proportion of Islanders (those who hail from Lesbos), probably the best scene involves the main lady and her immensely horny maid. Other than that, plenty of exchanges between persuasive young rogues and innocent virgins.

* Evil Senses: An Italian production that, despite taking the storyline far too seriously, definitely has its moments. The wanky world of espionage provides the diversion from the erotic action, but it doesn't encroach too badly.
Best scenes to watch out for/fast forward to: The hero meets up with a very fine prossy in the brothel that he's holed up in and after they have had a bunk-up, the hungry-hooker has a little frig in the bathroom. Very nice, but not the only plus point – we seem to recall a golden shower scene too!

WORLD CUP DÉJÀ VU!

Maurice Short points out how predictable the World Cup really is. But who will win in Paris?

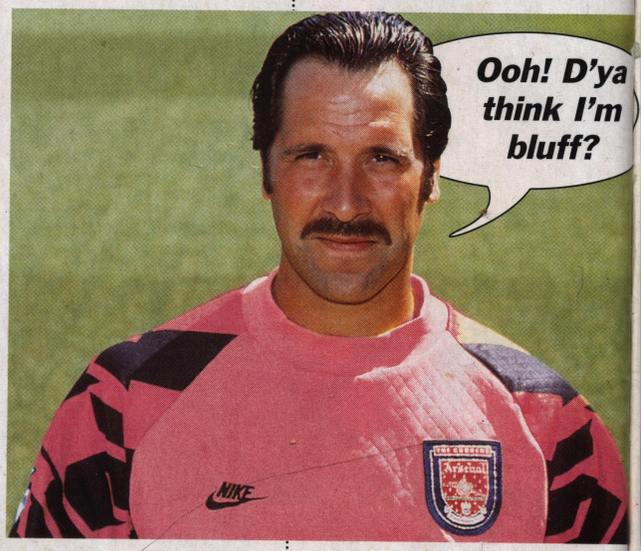

Even though the hype for the World Cup in France is only just getting underway, it's already possible to make predictions based on the age old system of historical analysis. This tells us that the French will look invincible until they play Germany; the Spanish will be touted by everybody as "Dark Horses" for the tournament only to fail dismally in the pressure of the knock-out stage; Brian Moore will at some point refer to David Seaman as a "bluff Yorkshireman"; the Yugoslavs and Croatians will remain "enigmas", thrashing smaller teams 10-0 and making journos excited about the chances of an outsider winning the competition, only to get knocked out on penalties by somebody like Belgium; Barry Davies will pronounce all French names with an accent like Antoine De Caunes and wonder if "the host nation might not have benefited from the inclusion of Tottenham's Davide Ginola in their squad"; the Dutch will have a great squad, but half the players won't speak to one another, or the manager and they will eventually troop off in a sulk around the quarter-finals stage; ITV commentator Alan Parry will make frequent references to the diminutive stature of the South Koreans and the Japanese; nobody will be able to mention Jamaica without using the words "reggae", "party" or "rhythm" somewhere in the sentence; the Scots will play with great spirit but no luck and fail to get past the group stage on goal difference; South Korea will have at least one player with a name like Suk Bum Kok; whenever an African nation plays, somebody will mention that former England boss Walter Winterbottom once predicted that an African country would win the World Cup before the year 2000, "and this is their last chance to prove him right"; John Motson will get excited about the large, muscular physique of the Germans, "yes, indeed, I fancy, Desmond"; we will wonder, once again, why Mexico bother turning up; Hristo Stoichkov, Georgi Hagi and Carlos Valderama will be "three truly world class players making their final appearance in a major tournament". Oh yes, and England will have a major injury worry about a key player.

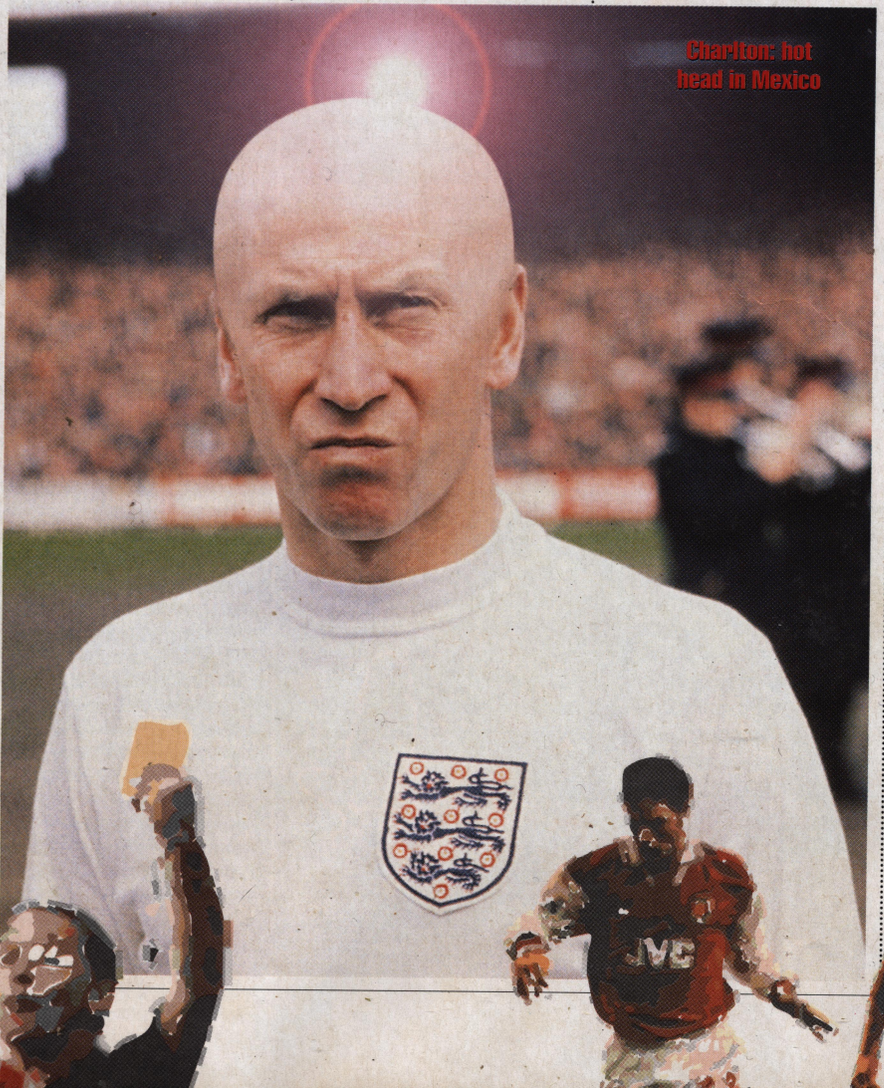

The latter has, of course, happened everytime we have qualified for the World Cup since 1970.

At that time everybody was worried that Bobby Charlton's baldy head wouldn't offer sufficient protection for his football brain from the hot Mexican sun. England boss Sir Alf Ramsey was so concerned that wor Bobby's cranium would end up sizzling like a spit roast hog that he took him off at half time in the quarter-final against Germany. England were winning 2-0 at that stage and they went on to lose 3-2. What an inspired substitution!

In 1982 all worries centred on the fitness of bubble permed maestro Kevin Keegan and Trevor "sort of got a little bit of a kind of a hamstring, Gary" Brooking. Both men eventually made it onto the field as England attempted to beat Spain by two clear goals to qualify for the semi-finals. A 0-0 draw was the result. Hey-ho.

For 1986 and 1990 England's injury worries revolved around Captain Marvel himself, Bryan Robson, a man so injury prone he makes Gazza look like Captain Scarlet. In 1986 it was his shoulder, in 1990 some kind of mysterious foot injury that even failed to respond to the medical skills of a faith healer and the tender cries of team manager Bobby Robson, who said: "I

Charlton: hot head in Mexico

"John Motson gets excited about the muscular physique of the Germans"

Robson: Captain Poof

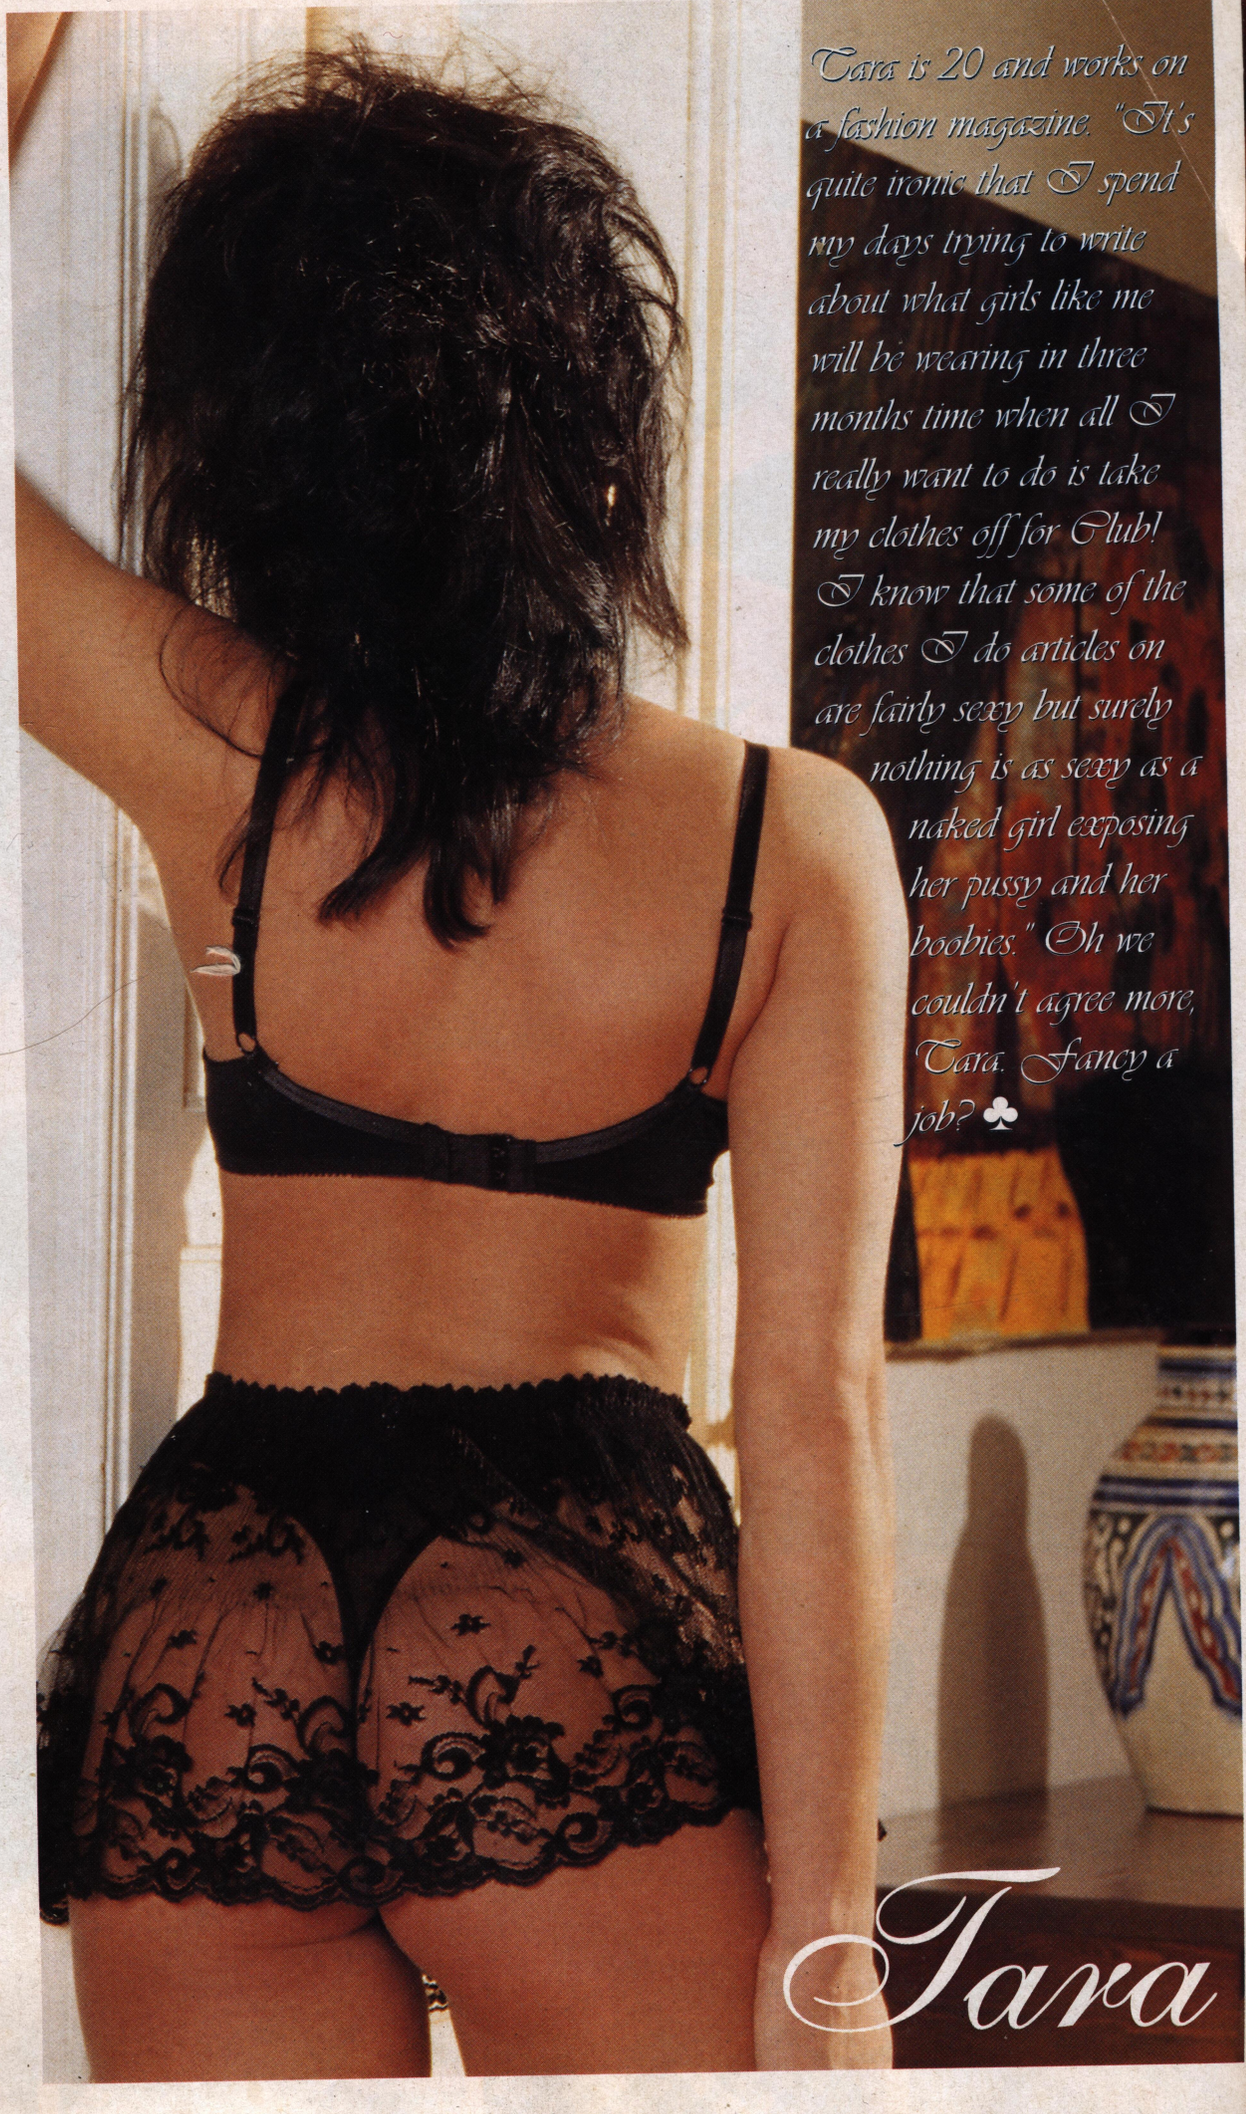

need Bryan Robson to be Bryan Robson because that's the only Bryan Robson I want".

This time around we've already had the excitement about Gazza, serious worries about Alan Shearer and Ian Wright. So surely it's about time "bluff Yorkshireman" David Seaman did his bit for this great English sporting tradition and broke a leg, ay?

★ While keeping English footballers fit might be a tough assignment, the hardest job of the summer must surely be that facing the PR boys of the England Cricket Board, who have been told to make cricket's image younger and sexier. Apparently, England's cricketers should soon be rivalling David Beckham, Leonardo Di Caprio and Boyzone in the knicker dampening stakes, as teenage girls suffer a hormone explosion over the smouldering charms of Ben Hollioake, Mark Butcher, Mark Ramprakash and, er, Jack "I'm too sexy for my gloves" Russell.

Another sign of cricket's exciting new image is the decision of some Counties to name their AXA Sunday League sides after ferocious animals. Warwickshire are "The Bears", Surrey "The Lions" and now Sussex have announced that from henceforth they will be known as "The Sharks". Before you say "just when you thought it was safe etc, etc," bear in mind that last year Sussex managed the considerable achievement of finishing bottom in both league competitions. Scary cricketers! ♣

Sandy's Fantasies

Super sexed Sandy finds her fingers doing the walking when she hits a hot and horny phone line advertisement!

I don't get too much time on my own, but when I do I get really frustrated and I have to use my imagination, which is alright. But sometimes I want something different from wanking with my memory and my vibrators and dildos are shagged out!

Well, one afternoon I was flicking through Club, getting nice and moist looking at all those lovely girls in the positions and poses that get me going, when one of the porn lines in the back grabbed my attention: "Brunette seeks blonde for hot and dirty action."

I've always been curious about these lines and this particular one jumped out at me. I have often fancied the idea of meeting up with a strange woman and going back to her place for some hard and horny shagging, so I rang the number and an extremely sexy female voice answered.

"Hello," I said, slightly nervously, "I'm answering your advert. I'm blonde and I'd like to taste your pussy."

"Well," she began, teasingly, "you'll have to describe your body and what your wearing, won't you?"

"I've got long blonde hair, pert little tits, a curvy bum, long, long legs and a pussy so tasty you'll want to keep coming back for more." As I described myself, I could feel the sexual heat rising in my pussy and, to help it along, I dipped my finger into my panties and gave my clit a gentle rub, which immediately brought moisture to my finger tips.

"I've got a short skirt on, with black stockings and suspenders and white panties. I'm wearing a white cotton shirt and a white bra on top, and you can see my nipples when they're erect, as they are now. What about you?"

"Well, I've got black hair, firm 34C tits, a nice pert arse and a pussy aching for your tongue."

"What are you wearing?" I gasped, as my fingers upped the pace on my sticky clit. My panties were well and truly ripped to the side, so I could frig the whole of my pleasurable cunt.

"Nothing, except a black bra and panties, and I'm just thinking of you tearing them off with your teeth."

That was the final straw. I now had the picture of this horny bitch

in my head, and I began to imagine being on her bed, exploring her firm body and heading for her aching pussy and divine arse.

She seemed to sense that I was wanking hard and fast, as I heard the strange noise of the receiver rubbing against her bare pussy, running the hard edges of the mouthpiece along the fleshy ridges of her sex.

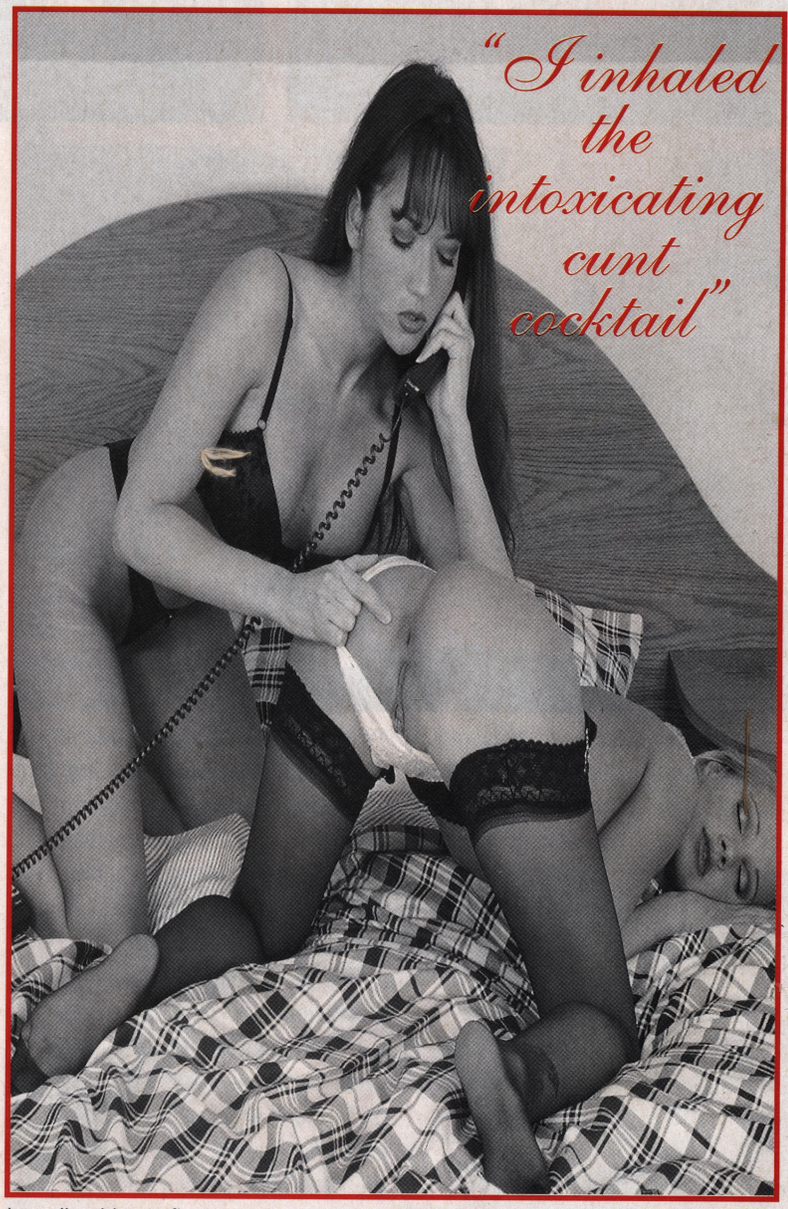

"Is that your cunt?" I whispered.

"Yes," she responded, after keeping me waiting, as she rubbed herself on the mouthpiece for a while longer, long enough for me to tense up with sexual excitement.

In my mind we were all over each others firm and fuckable bodies. Slowly licking, sucking, kissing and caressing up her thighs to her dripping snatch, where I inhaled the strong odours and drank the intoxicating cunt cocktail, while working her clit with my fingers to produce more of her nectar and deeper gasps.

I was also imagining softly sucking her hard and erect nipples, spreading my saliva all over her delicious tits and massaging them. She was playing with herself with one hand and squeezing my tits, in a frenzy, while I made her shiver with excitement by sucking really hard on her sensitive nipples.

"I inhaled the intoxicating cunt cocktail"

On the other end of the line it was obvious that she had replaced the receiver that had been exciting her cunt, with her fingers, as her breaths, like mine, were short and pronounced.

Every time she told me about how many fingers she was putting up me, I was imagining a situation where we were doing a sixty-niner, licking and fingering each other's pussy and seductive little bumholes.

Every now and again she would moan about how much she wanted to grind her cunt against mine, with the friction between us sending tingling sensations through our bodies and coating our cunts with each other's honey.

"You know what I really want to do to you?" she asked, breathlessly, as I imagined her mouth over my

pussy, sucking and licking my clit, lapping up my juices as though she hadn't drunk a drop of water for days.

"What would you do to me?" I asked, in a timid voice that made her moan with pleasure.

"Ooh, you dirty little slut," she groaned. "I want to bend you over, lube up your little arsehole, then slowly stick a finger up your hole and finger fuck you, starting slowly, then getting faster and faster, until you come, with three fingers up your bum and your own fingers strumming your clitty."

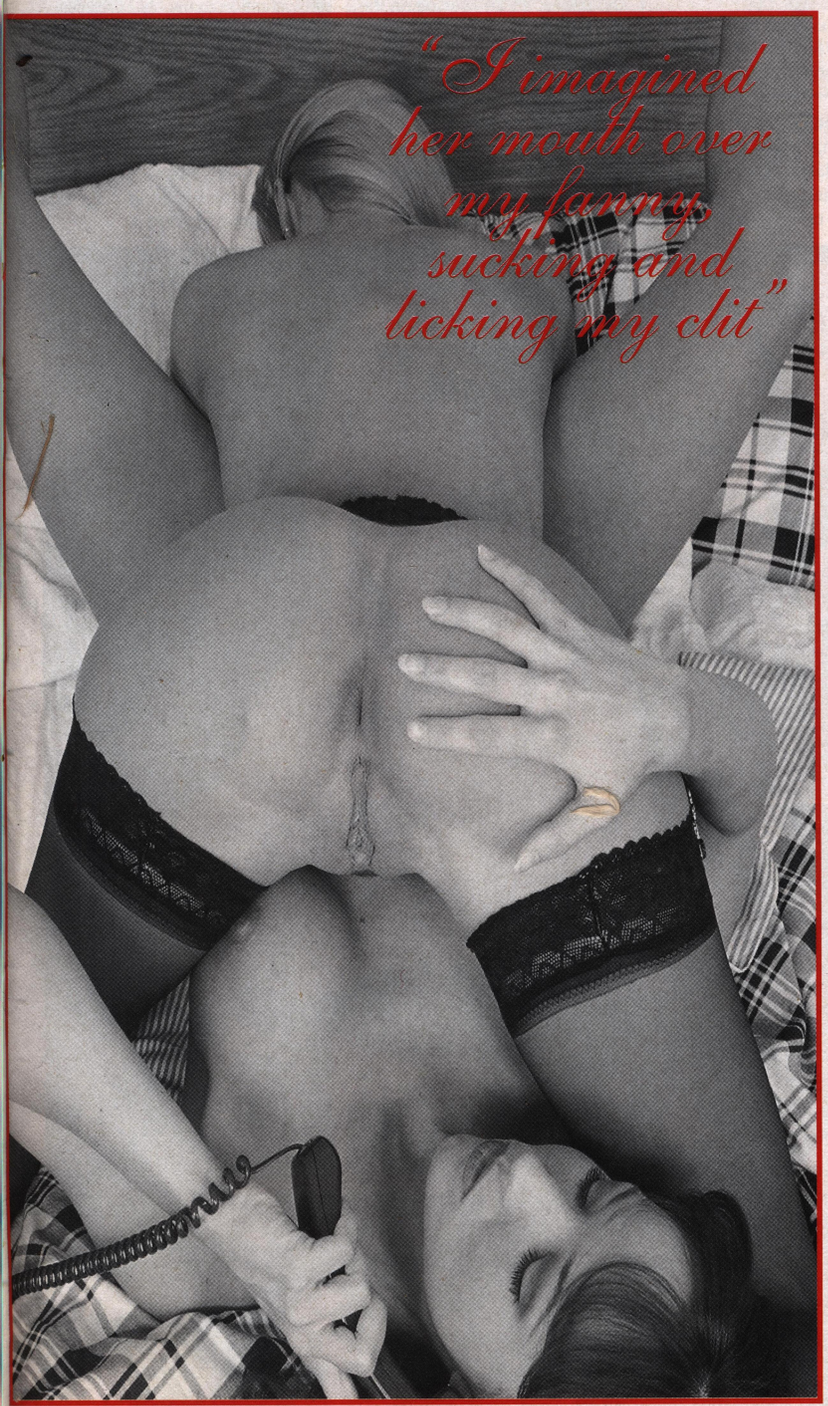

The situation seemed so real and I had no problem imagining being on her bed with my rear in the air as she rubbed the cool lubricant over my ringpiece, sliding her finger, then fingers, deeper and deeper into me.

As I approached one massive orgasm, I was astride her face on the bed, receiving a tongueing like I'd never had before. I soon started bucking and writhing in orgasmic ecstasy, covering her face with my aromatic flavour and sticky fluid, which she eagerly wiped off with her hand and lapped up, savouring every last drop of my intoxicating brew.

The strength of the orgasm that surged through me made me drop the phone. As I sat trying to catch my breath I could hear similar noises coming from the receiver, as the hungry little slut reached her orgasm, one which she could not possibly have been faking.

We were both absolutely shattered by the strength of the orgasms! So we just giggled to each other and said a loving goodbye.

I regularly speak to my new phone friend now, and the results are always the same: explosive orgasms and a very wet receiver! Obviously I'm really glad, 'cos now I've got another new sex hobby to do in my spare time and who can resist such pleasure? Not me! ♣

TAMARA

Personal Details

Name: Tamara M
Age: 18
Vital Statistics: 34-24-34
What she's like: Blonde firebrand who is regularly "up for it"

Where do you go out at night?
I like clubs that play a decent standard of dance music, so the atmosphere gets really charged and everybody is up for a good night. I love gyrating my hips on the dance floor!

What's your favourite drink?
I like cider if I'm on pints and rum and coke if it's an evening on the shorts!

How often do you have sex?
As often as possible is the obvious answer, but at least once a day. I'm lucky, because my boyfriend has the same sexual appetite as me.

What turns you on the most during foreplay?
Well, I love every aspect of it, but I must say that I've insisted on giving blow jobs since I gave my first one when I was 17. Other than that, any attention to my clit (finger or tongue!) is most welcome.

Do you have any sex toys?
I don't personally, but when my boyfriend was away for a month I borrowed a vibrator from a girlfriend of mine. It certainly wasn't as good as the real thing, but it was a damn good substitute!

LELA

Personal Details

Name: Lela N
Age: 23
Vital Statistics: 32-24-32
What she's like: Classy girl with the lifestyle and desires to match

What's your ideal night out?
A couple of bottles of champagne in an expensive London hotel, then out to one of the exclusive clubs where my boyfriend is a member. Return to the hotel in the early hours and a night of intense passion until dawn!

Do you masturbate?
I'm not sure if I want to tell you. But, OK, yes, I do. Not as much as I did when I was a girl at boarding school, because there is nothing like the real thing.

What's your favourite part of sex?
Probably a very big penis to do whatever I like with. I also like to receive cunnilingus, something which my boyfriend is extremely adept at.

Have you ever had sex with a stranger?
Once when I was on holiday in Italy I had sex with a very refined and attractive middle-aged Italian. In the morning I simply got dressed and left without a word!

What's the best thing about your boyfriend?
He's rich, which is an obvious advantage, but he also has a wonderful physique, and beautifully toned stomach which I love to explore. As I mentioned, he also does a lot for me of his own accord, especially with roving fingers and tongue!

NEXT TIME IT COULD BE YOU!!

The horniest confessions are in Club – sexy girls spilling the beans on their dirty doings. You never knew girls could be quite so rude!

Lucy's holiday fuck-fun makes for a hot summer!

BEACH SHAGGERS

My story happened last summer in Spain. Every year I go on holiday in a group – there's usually about 15 of us and every year there's all sorts of untoward behaviour, as is usual with a group of young men and women. This particular summer I was fortunate enough to be central to all this deliciously bad behaviour.

My name is Lucy and I'm a student reading Law at university. There were a few new additions to the usual holiday group – Ben, Mark and Bella. I had reached a point where I really wanted to experiment sexually, but not with people I'd known for a long time and here were three attractive strangers.

Mark was a tall blonde with blue eyes and Ben, also tall, had brown hair and brown eyes. Bella was stunning, she was slim and curvaceous with short brown hair and blue eyes.

A few days into the holiday I suggested that the four of us went to this secluded little spot that I had discovered. It was by a small lake, with a waterfall and beautifully white sandy shores. I arrived with a picnic, which mainly consisted of bottles of wine, to help get rid of any inhibitions!

A couple of bottles of wine later we were drinking out of each other's belly buttons and massaging a lot of sun cream into each other. Then Mark started to kiss me while he rubbed sun lotion into my inner thighs. I was running my nails lightly over his back. I undid my bikini, revealing my large firm breasts. Mark instantly covered them in sun cream and enthusiastically rubbed it in.

Bella and Ben had started to kiss as well and I could see that they were fondling each other with some gusto. Ben removed Bella's bikini, freeing her smooth brown tits which had lovely dark pink nipples. Totally naked, Bella's shaven pussy was being probed by Ben's fingers.

"I sank my tight hot snatch onto his rigid dick"

The boy's took off their shorts, releasing impressive erections, as Bella came over to me. They both watched and wanked as Bella knelt between my thighs and slid her fingers under my bikini bottoms. She rubbed my erect clit and then slipped her fingers up my wet snatch, dipping them in and then smelling and licking them.

I felt deliciously exposed as she began to kiss and nibble at my pussy lips. Ben moved up to Bella and started licking her out from behind while Mark sucked and stroked my nipples. I had Mark's large cock in my hand, teasing him by playing with the tip, rubbing my wet fingers over his sensitive "eye" and around the edges of his bell-end.

Bella had started to swirl her tongue around my clit and she was making muffled sounds of excitement as Ben had laid down on his back and she was sitting on his face. I could feel my orgasm building, but I wanted to come with some hard cock in me, so I moved away from Bella's expert tongue.

I turned to Ben's cock, as it had not received much attention so far and began sucking him deeply, taking the whole of his cock in my greedy mouth. Bella was still straddled over Ben's face and Mark was standing in front of her as she sucked him off.

I could see goose-bumps forming on Ben's skin as I gently took one of his balls into my mouth and softly tongued the tightening sack. I then turned my attention to his other ball, letting

Bella then stood up, demanding a good seeing to from a hard male utensil, so Ben eased out of my mouth. She eagerly straddled his pole, riding him with her back arched, rocking back and forth to feed her hungry pussy with as much length as possible.

This looked fucking horny, so Mark obliged by lying on his back and I sank my tight hot snatch onto his rigid dick – savouring the depth – it felt like his cock was touching my stomach. My hips gyrated accordingly.

Bella and I were riding Ben and Mark side by side and she leaned over to kiss and lick it sit in my mouth so he could feel the cold air of my inhalations, then the hot air when I exhaled, over his balls. I buried my nose under his equipment and then licked in between his balls and

arsehole. I have discovered that this spot is particularly sensitive and from the way his hips were pumping at me, he was obviously enjoying it.

Mark came around behind me and started sliding his cock up and down my dripping pussy lips, rubbing the tip against my clit to let me know how hot and hard he was. I moved up and in one swift move captured Ben's cock in my mouth. As I did this, Mark thrust his thick long prick into me. My cunt muscles tightened around his knob as he began to pump me vigorously.

my mouth. I could feel the irresistible surge of my orgasm as Mark touched my clit with every stroke. As I increased the pace Mark maintained his rod-rhythm. Harder and faster strokes soon made my pussy clench around his cock as I came, seeping juice all over his tool. That thick member then began pumping hot cream into my love-hole, as he reached a very loud climax.

Bella and Ben soon finished each other off too and we all took away great memories of a very horny summer holiday!

18-year-old Susie learns from the experienced Jan

TEEN GAMES

I'm only 18, but I've known about your magazine for years because of my older brother.

At the moment I'm doing my A levels and all the blokes at college are really boring. I also work part-time in a travel agent, with Jan.

Jan is 24, blonde, slim with big tits and really long legs. Sometimes at work we have a "dare" day – to see which one of us can show the most tit, or, by leaving our long skirts unbuttoned, give a flash of fanny to an unsuspecting male customer!

Last Saturday lunchtime Jan and I were talking about our dares and I told her about how dull the guys at college are.

Jan told me about how she felt in her first job. Apparently, all the trainee men were so shy that they never even went to the pub on a Friday after work. So Jan used to go out with the managers and they were much more open, a much better laugh.

While she was working there Jan met her boyfriend, Jim and when I asked about his bedroom performance, Jan gave a knowing smile of satisfaction.

At the end of the day Jan suggested that I should join her and Jim at their place that night for a drink and something to eat. I didn't have anything planned, so I agreed.

When I got home after work I changed into something very sexy – crop top, no bra for my little 34B boobs, mini skirt and no knickers, leaving my shaven pussy naked and vulnerable.

I got a taxi to Jan and Jim's and when the car pulled up outside their house I asked the young driver if he had change for a £20 note. He complained and I told him to look in his mirror. I had spread my legs, wriggled my skirt up and was stroking my moist mound. I slipped a finger into my saturated hole and slowly frigged until I heard the driver groan as he came. I then jumped out to join Jan and Jim – leaving him with his sticky wad!

I rang the bell. Presumably Jan had seen me through the spy hole, because she opened the door naked! Her lovely tits stood firm and her pink-lipped and black-haired cunt looked delicious. I obviously hadn't been invited to eat quiche and drink wine!

As she forcefully kissed me, the door shut behind me and Jim's hands were straight on my jacket and my skirt buckle. He hauled my crop top over my jiggling tits.

Jan kept pushing against me as she forced her tongue down my throat. Jim's hands lowered me to the floor and Jan spread my thighs. I could sense Jim moving in.

Jan stopped kissing me and I raised my head to look between my parted thighs. Jim, naked, was wielding an immensely thick cock. He was circumcised, exaggerating his bulbous bell-end. I was glad I was wet when he stuck his full length right up my pussy! "How does that feel in your

little cunt then?" Jan whispered in my ear.

Jim knew how to hold back from coming too quickly, as he reamed my tight young cunt, pulling out to the tip then pushing it right in to the hilt. Their hands were all over me, Jim's on my tits, pulling and tweaking my pert, pink little nipples. As she started kissing me again, Jan laid down beside me, putting her hand under my

bum, tickling my asshole and flicking my clit with her other hand, while Jim fucked me harder.

Laying on their hall floor I came three times before Jim eventually shot his load up my pulsing pussy. Jan helped me get my trembling body up off the floor and they both led me to their bedroom.

A porno was playing on the TV in the corner of the room and Jan took my hand and guided it down to her dark-pubed cunt. She was sopping! I slowly eased my fingers into her and she gave me a very sexy smile.

I knew how to play inside a cunny and I soon had Jan purring and squeezing her gorgeous tits. As my fingers teased and pushed inside her, I looked over to the TV screen, where a young flat-chested blonde girl was taking an enormous pink dildo up her creamy crack. She was holding her juicy lips apart and lying back in ecstasy as the dildo, strapped to the waist of a bigger-breasted girl, pumped her.

My fingers were playing more and more games with Jan's hot hole and when I introduced a fourth finger up her, she was finally fingered to a screaming orgasm.

"You hot little cow," she said to me as we sat on the edge of the bed, watching the lezzie video get harder. Jim came and sat next to me and I looked at his limp cock, which seemed bigger than any dick I'd ever seen before.

Jim encouraged the girl with the dildo on the video to fuck the younger girl faster and I suddenly felt hands exploring me again. My tits were being flicked and squeezed, my inner thigh stroked and my taut young belly caressed. Their hands then moved over the spiky down of my shaven cunt, round to my bum and secret hole.

My breathing became faster, as the petals of my cunt were being fondled and fingered. My legs automatically spread wider as my nipples were sucked, kissed and bitten and my pert arse rose off the bed as several fingers slid their way into me.

The girl on the video was still being vigorously shagged with the strap-on. But a young guy, hung like a bull, had joined them and was fucking her face as well.

Jan told me to look at Jim. I turned to see Jim's cock rearing up as it started to grow again. "Guess what you're going to get?" Jan said, taking her fingers out of me and walking over to her dresser.

Jim took my right hand and placed it on his cock. As I gently played with it, I could feel it thickening and pulsing.

With my fingers still stroking his dome, Jim said to me: "Keep stroking me, but lie back on the bed, spread your legs and hold open your cunt lips." I obeyed. Then I saw it!

"I wanted to take the whole 14 inches"

Staring at me from between my legs, with my snatch open, was a massive 14 inch strap-on dildo attached to Jan's crotch. I was trembling at what this monstrous thing might do to me, but felt a desperate urge to take it all.

Jim was directing events. "Slide down to the end of the bed, knees right up to your chest, legs wide open and pull your pussy open with your fingers." I followed his instructions and there was an audible squelch as I opened the entrance to my gushing love-box. "Now, Jan, fuck her."

I felt the cold tip of the dildo against my tender petals. Jan slowly penetrated me with this latex weapon, spreading me and fucking me deeper than I ever had been before.

I was screaming with pleasure as I came again and again. Filled with most of those 14 inches, I was also having the first multiple orgasm of my life! So when Jim stuck his cock in my mouth, I eagerly sucked and licked him until he shot his spunk deep down the back of my throat.

The strap-on was slowly removed from my exhausted hole and they both treated me to a shower and massage in their huge bathroom.

Lucky Jim and Jan. Lucky me, too – I got the fucking of my young life! – *Susie, Southampton*

Charlotte's lingerie fetish lands her in Kath's lacy lap

PANTY PRIDE

Everybody has a fetish which they always insist on when it comes to sex and I'm no exception – I love lingerie!

From skimpy G-strings and silky French knickers to kinky basques and seamed stockings, they never fail to get my juices flowing and I don't always have to be wearing them!

When I'm in on my own of an evening I often strip down to my panties. I particularly like knickers which can be pulled tight into my pussy, creating a tingling friction on my moist crotch that is irresistible to my roving fingers.

So, when an old flame of mine, John, told me that a girl I used to work with was starting up as a lingerie designer, I was very interested. John set up a meeting with the designer, Kath, at her place in the country.

I turned up at Kath's house wearing a demure little dress, but with my favourite white undies underneath, which, as ever, were making me feel fucking horny.

When Kath opened the door I had to stop my jaw from dropping to the ground. I just stood there marvelling at what a sultry beauty she was, with a sexy face and lush curvy figure.

"Hi, you must be Charlotte. I've heard a lot about you." The way she said it suggested that John had been filling her in on a few details about my preferences. She then flashed me a seductive smile, which suggested that she had liked what she'd heard about me.

She led me into her spacious and sunny living room. Every chair and table was piled high with the most exquisite lingerie. Kath put on some soft music and went to

make some coffee, leaving me alone and enraptured by the frothy lace and beautiful silks and satins of her designs.

Almost immediately I started to experience the familiar tingling sensation that starts in my nipples and travels down to my pussy like an electric current, getting stronger the closer it gets to my honey-pot.

By the time Kath returned with the coffee, I had developed a thirst for something else. My fingers would have been buried deep in my pussy if I had been alone, so I was having problems keeping my eyes off of Kath's tremendous figure.

We sat and chatted politely until Kath asked me if I would like to try on some of her outfits. "So we can find out which style suits you best," she added. I eagerly agreed.

"OK, you get undressed and I'll pick out some stuff in your size." I'd half expected to be shown to another room, but when she turned her attention to the lingerie, I started undressing there and then.

I had taken off my little skirt and was about to unclip my suspenders when Kath turned around and saw me semi-naked. "Wow, John told me about your great body, but I didn't expect this!" she cried, letting her gaze linger all over my body.

To my amazement, I felt myself blush. I'm not usually at all shy about my body, but Kath must have caught me off guard, being business like one minute and blatantly flirtatious the next.

Trying desperately to calm down, I unclipped my suspenders, peeled off my stockings and removed my bra, letting my firm tits bounce free. I could have sworn I heard a sharp intake of breath from Kath the moment my breasts came into view.

I was momentarily unsure. Did Kath want to fuck me? I know I wanted her. So I hooked my fingers into the sides of my panties and eased them down. My eyes met Kath's for a tantalising moment and I was confident that I would get to taste her.

"What a shame to see any of that wonderful body covered up," she sighed, "but I think these will suit you." And she handed me a flimsy pair of red silk knickers with a matching camisole. I adore the sensation of pure silk against my skin and I was finding it difficult to control myself, particularly when the cool material brushed against my damp pussy lips, immediately making them wet. My aching clit was demanding attention and my resistance was cracking.

"That looks great," Kath commented, snapping me out of my pussy reverie. "Now how about these?" and she passed me a cream basque with matching panties.

My pulse increased even more at the thought of wearing those horny garments and because Kath would be the only person to see me in them. My aroused state was playing havoc with my fingers, which wanted to dive into my hot pussy and I couldn't do up the hooks that ran all the way up the front of the basque.

Kath giggled, saying, "You look like you could do with a hand." As she moved close to me I could detect the alluring scent of her perfume. I could feel the warmth of her fingers as she fastened the basque.

When she had finished, Kath's hand lingered on my boobs. There was a real air of expectation between us, so I decided to make the first move. I gently pressed one of Kath's hands more firmly on my breast, so she could feel my erect nipple through the thin material. I grabbed her other hand and thrust it down to my pussy, rubbing her hand strongly against my, by now, sopping fanny.

Kath's fingers broke free of my grip and began to concentrate on my clit, through the soaking silk. I let out an involuntary groan as her clit and tit work began to take hold of me.

Her fingers then worked their way to the edge of my panties, squirmed under and

easily slid up my engorged fanny. She took her other hand off my tit and put it down the front of my knickers, massaging my clit whilst finger fucking me with increasing speed.

I was in heaven as she pushed me back onto a table and spread my legs. My breathing had been replaced by a succession of deep moans as three fingers were now pumping my pussy and the palm of Kath's other hand ground into my clit.

My body had tensed as my first almighty orgasm approached when Kath suddenly dropped to her knees, yanked the silk knickers out of the way and said, "I want to taste your cunt." As she said this I could feel her hot breath on my clit, and when she plunged her tongue into my drenched hole, I screamed with pleasure as an orgasm of exceptional power ripped through me. I grabbed the back of Kath's head and rubbed my sex roughly all over her face.

"She stuck her tongue up my drenched hole"

Once I had calmed down, which took some time, I slid down onto the floor next to Kath, determined to sample the delights of her still fully-clothed cunt.

As I stripped her I slipped my hand into her knickers and gently rubbed the full length of her slit, which was almost as wet as mine. Kath let out groans of desire every time I brushed her clit, each brush getting slightly stronger.

The body that emerged from under her clothes was spectacular. I paused on my way down to her honey haven to lick and caress her smooth and beautifully shaped tits.

I took my hand out of her knickers and eased up her skirt, revealing stocking tops and an expanse of smooth thigh. I pushed it higher, to reveal her lacy panties into which I thrust my face. I inhaled her horny aroma and rubbed the contours of my face against those of her cunt.

I worked her skirt right up to her waist and I was mesmerised as she slid two fingers up herself and frigged herself to climax. Although I've had girls before, this was the first time I'd seen that and it turned me on even more.

This inspired me to straddle Kath's sweating body, my cunt inches from her face and dip my head to her pussy to take an experimental lick. She tasted so sweet that I stuck my tongue right into her and started to lick her out while she repaid the compliment to my quivering quim.

We were writhing on the floor sixty-nine style, when a tap at the window made us freeze. Who should be standing outside, grinning at us through the glass, but John!

Stepping through the patio doors, he said, "I hope you don't mind me interrupting, but I couldn't resist seeing what you two were getting up to!"

I'd fucked John enough times in the past, so I didn't mind, but I was concerned about Kath's reaction. She was obviously so horny that nothing was going to interrupt her, as she answered John by getting to her knees and pulling him towards her by his belt, unzipping his flies and going to work on his cock.

I moved up behind Kath, pressing my boobs against her back, then wrapped my hand around John's shaft and shoved two fingers up her aromatic hole.

The harder I fingered Kath the harder she sucked John's cock and when he eventually groaned and shot his jism into her mouth, her thighs clamped around my hand as she writhed and bucked to another climax.

We were far from finished. John pulled me onto my hands and knees and slid his shiny knob, still weeping with come, into my welcome snatch.

As he fucked me, Kath wriggled beneath me, face up so I could taste John's come as we kissed. Her fingers moved to my cunt, teasing my pussy lips as John's rigid staff stretched them. With one hand she was rubbing my clit and with the other she was gently massaging John's balls.

When John came, Kath pressed her hand against my pussy so that hot spunk ran out of my cunt. She then put her spunk-covered hand up to my mouth and I greedily lapped it up, as she frigged me to another mind-blowing orgasm.

These days, Kath designs a lot of lingerie for me. But if I model them, they always end up extremely sticky! – *Charlotte, Aberdeen*

Katie's defences are well and truly penetrated

WORKED OUT

My name is Katie and I'm a 22-year-old career girl. My boyfriend reads your magazine and when I told him about my experience he fucked me senseless and then suggested that I should send it into you guys, as he was sure

your readers would enjoy it!

Well, it all began at the large corporation I work for. A woman in one of the other departments had been mugged and all of the women had to take self-defence classes. There are only two women on my floor, Alice, a stunning blonde and myself. So we decided to go to the local gym together.

We walked in and the place was covered with soft gym mats and surrounded by mirrors. I'd had a couple of schoolgirl experiences in our "educational" gym and those memories came back to me, making me feel pretty horny.

Alice and I were both wearing tight lycra shorts and tops, as we both work out regularly and when the instructor walked in his eyes lit up and a smile played on his lips. His name was Will and he was gorgeous – tall, broad shouldered, blonde and dressed in black.

The lesson started with Will demonstrating some rather intimate holds and manoeuvres which, I'm sure, weren't part of the lesson. He then had Alice and I wrestle together and I could see that he was savouring the sight of our taut sweaty limbs as we grappled with each other.

Alice and I were certainly enjoying ourselves. I'd always suspected that she was at least bisexual and she was definitely feeling me for her own sake rather than in self-defence. I was becoming very aroused.

She had me in an armlock, which Will had shown her how to do, when she leant over and started to softly lick and nibble my neck. I was so turned on that you could see my erect nipples through my top. Will noticed them and began kneading and stroking my ass. He moved behind me, pressing his erection against my lower back.

When I know that I'm exciting a man I always get throbbing sensations in my cunt and I feel my pussy lips moisten, then part, just slightly, enough to know that I'm wet and ready.

"She plunged a finger into my hungry hole"

Alice and I were kissing passionately, while Will was pushing his erection into my ass and kissing the back of my neck, which I really adore.

I started to feel Alice's full breasts, rubbing my fingers over her solid nipples. Her hands then slid down my well-toned body and began feeling my wet fanny through my shorts. Will's hands moved around to my breasts, he pulled my top off and gently squeezed my nipples.

Alice slid her hands into my shorts and pulled them down. I was naked between them. Their hands became more demanding, Alice parted my pussy lips further by sliding a finger into my hot wetness, plunging it up my tight and hungry hole. They both rapidly undressed.

Alice's body is truly incredible, with firm high breasts, an all-over tan and a slim waist that flares into well defined hips. Her beautiful cunt is surrounded by seductive wisps of blonde hair. Will had a massive erection which stood straight up, twitching with anticipation.

We laid down on the mats together, with me in the middle. Alice sucked my tits and started playing with my clit again, circling her fingers around my nub, trailing down my snatch and teasing me by only lightly rubbing my clit for a few seconds.

I was kissing Will and stroking his rock-hard cock. I made my fingers wet with my own juice and gently played with the head. His hand had found Alice's pussy and was fingering her moist melting-pot. Alice moved down so that I could feel her hot breath on my cunt. Will had straddled me so that his huge bell-end was inches away from my mouth, his tip glistened with droplets of pre-come.

As I felt Alice's strong tongue delve into me, I took Will's penis deep into my mouth, tongueing his long shaft and cupping his heavy balls in my hand. I worked my tongue on his juicy big glans, before sucking him deep into my mouth.

Alice started to fuck me with her tongue, occasionally dragging it out and along my slit, taking my clit into her mouth. I was gyrating my hips into her face, encouraging her even more.

Will pulled out of my mouth and manoeuvred me into my favourite doggy-style position. I buried my face into Alice's pussy, inhaling the sweet and musky smell of her sex.

Will then started to slide his long erection into me. I love that initial feeling of being entered. I ached to have him deeper inside me and I pushed back onto his cock whilst rimming Alice's beautifully fragrant cunt.

I sighed with pleasure when Will was totally inside me. He began fucking me with long hard strokes. I sucked Alice's clit with increased fervour and slid my fingers into her, faster and faster.

I could feel an orgasm welling up inside me. Alice's moans, dripping fanny and muscle spasms told me that she had already climaxed on my tongue and fingers.

Will was grunting with each thrust as I reached a pussy clenching orgasm. After I had come, he pulled his cock out and shot reams of thick spunk all over my arse and back.

Alice cleaned me up and we all decided that we really liked self-defence and would have to arrange some more "tuition"! – *Katie, London.* ♣

READERS' LETTERS

Pokeranus

I just love your Peaches column, as I'm a butt-cake obsessive who just creams his pants every time I see a pretty girl in the street with a particularly tight pair of trousers or a short little skirt on.

Club is always full of pert little bums and last month's issue was no exception. But it's reading all those stories about sex that really get me going. Now, I have to write to you about something which happened to me last weekend when I was at my local late-night dive. Normally the girls in there are a bit on the rough side, but that night there was a new face – and she was a real stunner, with long blonde hair, bouncy tits and a plump but firm arse which you could eat your dinner off.

Obviously I got an instant boner when I saw her, and couldn't believe my luck when she came over to me and started giving me the come-on. As we danced, my fingers were itching to grab hold of her botty cheeks and give them a good stroking, and finally I managed to slip them up under her skirt for a bit of a feel. She was only wearing a tiny G-string and so I slowly got my fingers right into her sticky crack and began to play with her cunt. She wriggled against me to encourage me to do it more, and because my fingers were now slippery with her cunt juices they gradually moved up to her puckered bum hole.

As soon as I touched her there, she let out a yelp of delight and I felt her shuddering as she came. Just from me touching her brown eye! I thought this was too good to be true, but then she started to pull me towards the ladies, dragging me right into a cubicle and locking the door. As I struggled to get my boner out of my trousers before I shot my load, she bent over the bowl and spread her bum cheeks wide, showing me her tight little hole. I loved the way her blonde pubes spread right back there, and I tongued her hole hard as she frigged her clitty and came loudly.

"Fuck me there!" she yelled, and I didn't need asking twice. I eased my fat tool up her brown hole until I was in there all the way to the hilt. It was so hot and moist that I nearly shot my load straight away, but I managed to hold off and pump hard until she'd blown her stack a couple more times. When I finally unloaded my spunk in her bum, I thought her screams were going to shatter all the windows.

So come on, Club – keep up the bumming! – *Dan, Brighton*

Brown Star-Fish

I notice that randy readers like myself have been writing in to suggest celebrity arses which they'd love to see uncovered in your Peaches section. Well, there's so much top totty on TV these days that I'm spoilt for choice, but one of them has got to be that Ulrika Jonsson. She's a saucy mare and no mistake, with a lovely big arse which I'd love to cover in baby oil and then rub my hard length all over. And what about that naughty little blonde bint who plays the young policewoman in *City Central*? What a fucking gorgeous pair of plumpers she was pertly displaying in last week's episode, in that lovely tight uniform! She can take down my particulars any time! – *Steve, Rugby*

Frank Spanking

I just wanted to tell you that I love having my bum smacked. Not hard, you understand, just a few light taps with my boyfriend's hand, but it really turns me on. What I love the most is when he comes in from the office and finds me wanking or watching a dirty film, or maybe flicking through his latest issue of Club. I know he loves it when he thinks of me doing that, but he always pretends he's angry, telling me what a dirty girl I am and how he's going to have to teach me a lesson.

I always wear short little skirts with hold-up stockings, and so when he lies me across his knee my skirt rides right up and he gets a good view of my bum cheeks. They're always clenched with excitement then because I know exactly what's coming. Through my filmy knickers he can see how hot and wet my cunt is getting already, and then he begins to give my bottom a few little slaps.

Well, I don't mind telling you that it just sends me wild. I can't get enough of it. Soon the cunt juice is running out from between my legs and staining the crotch of my knickers, and so I beg him to keep on doing it until I come. I don't even have to finger myself, all it takes is the sound and the feel of those light little slaps.

I suppose you all think I'm kinky, don't you? And you'd be right! – *Lucie, Whitstable*

Back Door Pleasure

I didn't always know what anal sex was like, how good it was and how intense my orgasms would be with a fat cock up my behind, until I started going out with Barry, who is now my husband. He's taught me everything I know about sex, and when I told him that I was feeling curious about what it would feel like to have sex with another woman, he told me to go for it.

I didn't have to look far: there's a girl who works at my company as one of my supervisors, and I've always known that she's a bit dykey and had the hots for me. I'd never given her the signals before, but at our next staff outing I decided that I would give Mandy the come-on. After we all got back to the firm to get our bags everyone headed home, and I headed back to Mandy's place. As soon as we walked through the door, we fell on to each other, snogging and pulling each other's clothes off, and ended up in bed very quickly.

The sex was mind-blowing, with Mandy licking and sucking my cunt until I'd come four times, her fingers continually strayed towards my back passage. Barry had shown me the delights of anal sex, and now I was curious to see what Mandy would do. When she produced a huge, fat dildo from her bedside cabinet, and strapped it on around her waist, I felt myself trembling with excitement. I knew she was going to fuck my arse with that fat fake cock, and I could hardly wait for it.

She gently rubbed it around my tightly puckered hole first, teasing my ring with the tip of the dildo, and I could hear her panting with excitement as she prepared to push it into my bum. As soon as the whole circumference dipped in I could feel how far I was being stretched, and I really loved that because it reminded me of how Barry's cock feels when it's up my arse – except this was harder!

I started to push my hips back, grinding against Mandy's cunt bush with my bum cheeks as I felt myself getting more and more excited. By now the dildo was in me right up to the hilt, and Mandy was really going for it, fucking me hard, humping her hips against me and groping my swinging tits as I buried my face in the pillow and came again. This time my orgasm was so intense it almost made me pass out, and Mandy came too and collapsed on top of me, rubbing her nipples into my back, with the dildo still buried inside my arse.

You should have seen Barry's face when I got home and told him all about it. He got a hard-on the size of the Eiffel Tower, and gave me a really good seeing-to (in both holes!) as I described in minute detail exactly what Mandy had done to me. Now he wants me to invite her over for an evening – so we can add to our collection of blue videos by filming her fucking me. – *Dina, West Midlands*

"She fucked my tight little arse with a fat fake cock"

Buttock Spotting

You asked for suggestions of celebrity arses that we out here would like to see in Club. Well, I could be here all day if I gave you a really comprehensive list, and I know there's bound to be loads of readers who've suggested Pamela Anderson and the like. But here's a few who perhaps haven't had a mention. Besides, hasn't everyone seen Pammy's ring already?

How about the luscious Linda Bellingham, who stars in *Faith In The Future*? We know she got her mams out in one of those *Confessions of...* films, but how about she gives us a flash of those taut, fleshy buns? In fact, Julia Sawalha (or however she spells her name), who plays her daughter in the series, would be another welcome celebrity arse – what about a naughty mother and daughter combination? Tell me if I'm going too far!

And while we're at it, I wouldn't mind a good stroking session with Amanda Burton, out of *Silent Witness*. That sulky look really does it for me – I wouldn't mind if she used those cheeks as a nut-cracker on me, either! Just a thought... – *GD, Salford*

Hole Hearted

I love being done up the bum, I really do. Discovering anal sex has really transformed my sex life with my boyfriend, which had been getting a bit stale up to when we first experimented with the back door. Now, I just can't stop coming once my first orgasm hits, and I've even taking to wanking myself in both holes if he's not there to keep me satisfied with his big fat prick.

But until a couple of weeks ago I had never done anal sex with another man except him. That is, until we had our end-of-financial year party and I clocked the new guy in accounts who I'd been hearing so much about from the other girls. Daz is quite athletic looking and blonde, hunky in a surfer sort of way. I had the hots for him straight away, and the way he was looking at me in my tight red dress it was almost as if he could see right through my clothes.

I felt a tingle in my cunt, and my arsehole tightened in anticipation. I was trying to have a sensible conversation with my boss, but all I could think about was Daz doing me doggy style, me with my arse in the air holding my cheeks wide apart and looking over my shoulder to watch him feeding his stiff length into my tight ring. I was almost coming at the thought of it, and when he came over and started to chat me up it was all rather inevitable.

We actually ended up in my boss's office, with me bending over his desk where I had been taking dictation earlier that afternoon – this time taking dick of a different kind! Daz soon had his trousers around his ankles and was feeding his very long, fat cock slowly up my puckered hole, with me yelling my head off as I felt myself stretched to the limit. I still took his whole shaft, though, right to the balls, and then he started banging me hard, his heavy sacs knocking against my slit as he pumped me.

I begged him to shoot his load inside my arsehole, and when I felt those steaming jets of come erupting up me, I frigged my clit frantically until I was coming good and hard. I could feel the juices dribbling out from between my cunt lips and I frigged myself harder as Daz pulled out his cock and began to wipe it clean on my bum cheeks. I was still coming when he'd pulled his trousers up and was ready to unlock the door.

There's a conference we've all got to go to soon, so I'm hoping for a repeat performance. This time, I might get Daz to take some photos! – *Kate, Winchester.* ♣

She-Male Heaven

To fuck my tight **** – you gotta have a credit card, because I am the biggest tart in this magazine & everyone wants to fuck and get fucked by me. I like to be in control and I like to be handled quite roughly. I'll strip for you – then you can manhandle my available body – but wait till you feel my cock shoved up your **** – you'll cum instantly. I'll lick it all up of course (I would also love to lick between your cheeks to clean your hole up before I fuck you!!!)

WHAT'S GOING ON IN THE WORLD OF SEX!

FELINE FANTASIES

The world of excusively female erotic gear has received a shot in the arm courtesy of Sh!, an emporium catering for the kinked requirements of girls like this rubber-clad bird licking up milk, the little minx! Based in London, Sh! is only accessible to men accompanied by a "knowing" female. Us cats are very curious...

Sh!: The pussy that got the cream, etc.

SPICE RAGS

This quartet of lush babes appeared at The Alternative Fashion Show at, wait for it, Spitalfields Market! These delectable models were not introduced "69p a pound, c'mon ladies and gentlemen, cheapest anywhere". In fact, the demented looking girl (*left*) and the big-boobed and semi-muff showing bird at the bottom, are wearing clothes designed by "Dane", the bloke who makes a lot of the Spice Girls' kit. Some job that must be, dealing with all those Sporty, Scary, Posh, Ginger and Spunky requirements and then having to dress them! Anyway, good luck in trying to re-invent the "Chilli Slags" again, mate.

The attire featured by the other two girls looks very similar to the designs of "Dome", particularly the sultry maiden to the right in the set of blinds. Unfortunately there are no knockers or a cheeky, furry badger loitering behind these ones.

AMATEUR-VILLE

These two goers, Lauren (*below left*) and Leah, were featured on ITV's *Friday Night Fever.* That taste of stardom has obviously gone straight to the brains (and crotches) of these brazen hussies. They recently obliged the group of fans they have amassed from one TV appearance by popping their parts out for *The Sport* last month. Appearing in a national paper has really got some amateur appetites going, or at least that was the intention. As Leah admitted on TV, she hasn't had a shag for two months, because she is too busy "clubbing". That is such a lame excuse that guilt must have forced them to get their kit off! ♣

EXCLUSIVE

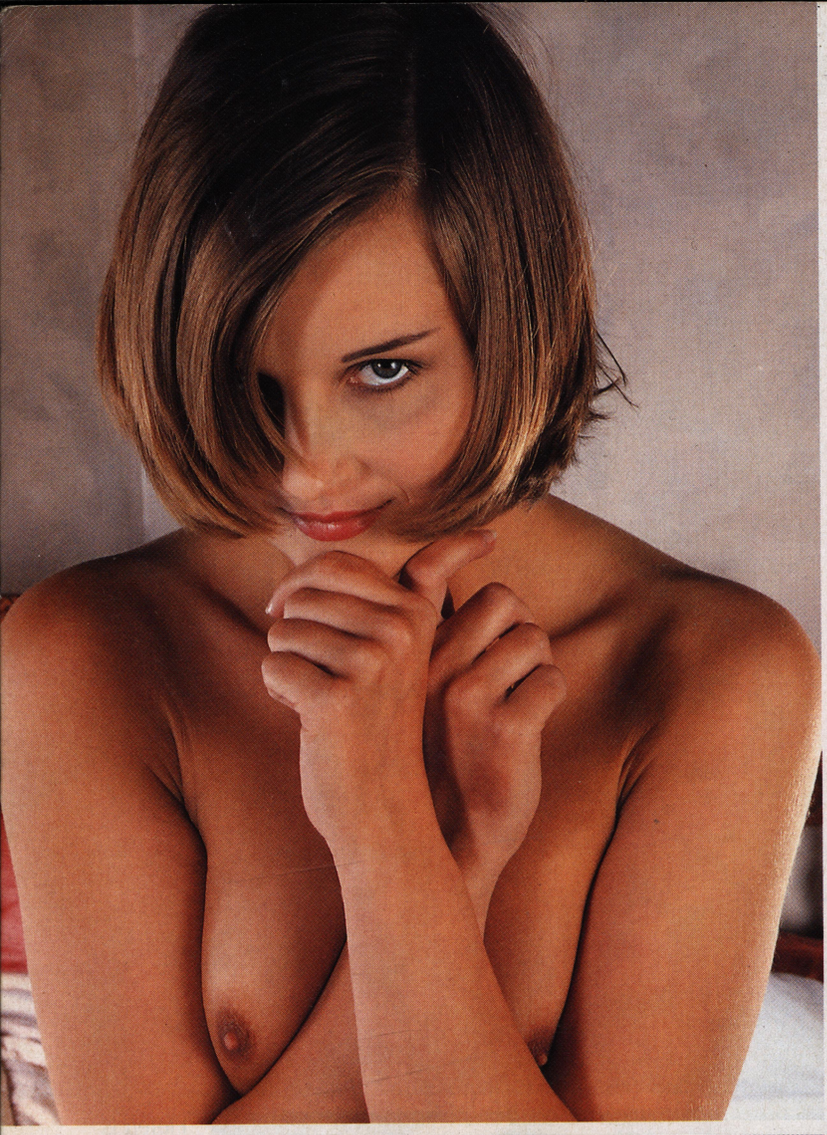

helen

Helen is looking for a man who doesn't mind her little leanings towards lesbianism. "I wouldn't quite say I'm a lesbian! I just like to get off with girls now and again. I love the taste of girls and I love kissing girls' lips. Besides, what's the point of liking sex when you can't sleep with fifty per cent of the population?"

Er, right. ♣
